Silver Lake Residents Fear Slough Fires that Start at Village Dump

Petition Board to Act at Once to Prevent Hazard to Properties

No more Antioch slough fires will endanger Little Silver Lake homes.

This was the assurance given to residents of that community who sent a petition through their Little Silver Lake Association president George W. Christensen asking the village to take action to prevent future fire hazards.

The petition was signed by 24 residents of the neighboring subdivision to the east and presented to the village board Tuesday night said that three fires this year have threatened their homes, one fire of which got out of hand.

Mayor James McMillen denied that any of the fires got out of hand, but said that the fires were a nuisance and that the matter would be taken care of in the future to the satisfaction of the petitioners.

President Christensen who was accompanied by George Schoenben of Little Silver Lake, told the trustees that some of the residents are retired persons suffering from heart ailments and that fright from the fires might make them ill.

Mayor McMillen said he didn't think the fires would reach the houses because of the mown lawns, but Christensen said that some places are merely summer cottages and leaves accumulate on the lawns which would catch fire.

Fires Flush Pheasants

One fire that swept the full mile between Antioch and Little Silver Lake drove out a flock of pheasants and killed many young rabbits. The fire could be seen for many miles.

McMillen said that during dry season he would ask firemen to backfire the area around the village dump where the fires start. He said that he would insist on less negligence in the land fill process which is supposed to cover burnable materials.

Trustee Murrill Cunningham, who superintends the village dump, was absent from the meeting attending the high school commencement exercises in which his son graduated.

When the dump was opened, it was done with the strict understanding that refuse would be covered as soon as practicable.

Rush Swimming Pool Construction for Use On Opening on July 1

Work is being rushed at the Aqua Center in Williams Park to complete the swimming pool and buildings ready for the opening on July 1. Season tickets will be ready for sale within a few days.

Homer LaPlant has almost completed the laying of cement blocks for the bath house.

Laursen and Blackman have completed the pool proper and should finish the wading pool and a large portion of the pool aprons this week, weather permitting.

Irving Carey is busy at work installing electric and plumbing facilities, and Carl Barthel has graded the parking area in preparation for construction of the surface drainage system.

Largest Crowd Sees Largest Class in History Of Antioch Township High School Graduate

Twelve hundred persons—the largest crowd ever to witness an Antioch Township High School graduation—were present at the commencement Tuesday evening. A large number of persons couldn't be seated.

The class of 95 members was the largest ever to be graduated from the Antioch school.

An ideal program and a good speech made the exercises in the school gymnasium one of the best in the history of the school.

The speaker, Dr. Robert F. Topp, Chicago, told the graduating seniors that they should let their conscience be their guide, but should be careful to protect their conscience.

"The memory of one misstep may haunt you the rest of your days, and the memory of a wrong can become so deep-seated that it may affect your whole life," he told them.

The school band played the professional, and the school chorus sang three selections under the direction of Louis Cheneau.

Principal A. L. Dittman presented the class to the Board of Education for graduation and President Fred Scott presented the diplomas.

Seek Volunteers for Doughnut Tag Day on Friday, June 15 Here

Volunteers are being sought for the Doughnut Tag Day which will be held Friday, June 15 in Antioch township.

Mrs. Margaret Gaston, chairman of the annual drive, said that Mrs. Francis Burke of Grass Lake has been placed in charge of persons who will sell the tags on that day.

Doughnut Tag Day benefits the work of the Salvation Army which takes care of unwed mothers, and the underprivileged. It also maintains a camp near Antioch in which families are rehabilitated through care and rest.

Twenty per cent of the amount received through sale of the imitation doughnuts remains in Antioch for local use.

Grass Lake School Board Election Next Tuesday Afternoon

Fifteen Candidates for New Seven-Man Board for District

Grass Lake Grade School District will vote next Tuesday on a new seven-man board of education to replace the three-man board that now supervises the school.

Voting will be at the school building from noon to 9 p.m., two hours longer than the usual school election time to give opportunity for those who work away from home to cast their ballots.

There are 15 candidates, three of whom are members of the present board which will go out of existence when the new board is organized.

The campaign has been conducted in a dignified manner it is said and the choice will be on the merits of the individuals rather than any group.

The candidates in order as they will appear on the ballot are Margaret Walsh, Herbert Jensen, Wayne B. Barker, Charles Paddock, George J. Mazzuca, Harry W. Jesse, Frank Benes, Jr., Walter Mozel, Edward C. Cooney, Robert E. Flint, Herbert E. Meyer, incumbent, Lester M. Hribar, incumbent, Roy W. Frasier, incumbent, Robert H. Hart, and William J. Zale.

Enlargement of the board is the result of a census taken recently in which it was determined the population of the district is more than 1,000 persons, which by law calls for an increase in the size of the board from three members to seven members.

The fortunate candidates will meet shortly after the election, draw lots for three three-year, two two-year, and two one-year terms after which they will elect officers.

One of the first matters for the new board to consider is the validity of the outcome of the recent election in which 132 votes favored a bond issue providing for an addition to the present building and 131 opposed, with two ballots spoiled.

The present board maintained the measure passed, but the new board may not accept that interpretation, but the one made by Supt. W. C. Petty who said that the spoiled ballots must be considered as ballots cast and the 132 therefore would not constitute a majority.

There is indication that there will be a heavy vote.

Supt. Petty said that he will select the date for the census later (continued on page 5)

Ida Benson, 63 Dies After Brief Illness

Ida Benson, 63, of Fred Meyer subdivision, Camp Lake, died Friday at 6:05 a.m. at her home, following a brief illness. She was born December 31, 1892 in Chicago, moving to Salem seven years ago.

Survivors are her husband, Bernice L. Benson, a step-daughter, Mrs. Bernice Klazek of Salem and a brother, Oscar W. Swanson of Chicago.

Funeral services were held at 2 p.m. Monday at the Strang Funeral home. The Rev. Robert Smith of the Salem Methodist church officiated. Interment was in Salem Mount cemetery.

No C. C. Meetings in Summer Meetings of the Antioch Chamber of Commerce will not be held during the summer months; it was decided at the regular meeting of the organization Monday noon at Smart's Country House. The next meeting will be held the first Monday in September.

Lk. Villa Bank Robbed

The Lake Villa Trust and Savings Bank was held up and robbed by three men who entered the bank at about 2:30 o'clock this (Thursday) afternoon, and emerged carrying a white money bag. They made their escape in a blue and white Oldsmobile, heading east toward Rte. 21. Witnesses followed the car, but were soon eluded by the hold up men.

No further details are available at this time.

Saturday Night Rule On Parking Meters Will Be Lifted Soon

Village Board Accedes to Requests of Merchants; Accepts Plats

Saturday night will soon be omitted as a night on which parking meters must be "fed."

Survey of merchants conducted by the Chamber of Commerce and reported to the Village Board Tuesday evening by President Joseph Patrovsky of the business men's group, showed that of 40 merchants interviewed, 32 were opposed to parking meter charges on Saturday night, one favored it, and seven didn't care one way or the other.

The members of the board were of the opinion that the merchants would regret the change, but agreed to restrict parking charges to Friday night only.

When a few years ago, it was decided that the stores would open on Friday nights instead of Saturday night, the parking regulations were changed from the one day to the other. Then complaints were made by the merchants who remained open Saturday nights that their customers couldn't find parking places Saturday night, and the charge was placed back on again.

The merchants complained that the meter charges on a night when the main stores aren't open has been confusing to many, especially those who attend the movies, and they are angered when they get parking tickets.

(continued on page 5)

Village Takes Over Full Control of Scout House

In taking over control of the Scout House, the Antioch village board Tuesday evening extended a vote of appreciation along with a stipend for her care and supervision of the building to Mrs. A. H. Kaufmann.

Hereafter arrangements for the use of the Scout House will be made through Clerk Clarence Shultz and a man will be hired to take care of the building and grounds.

Mrs. Kaufmann's report follows:

Antioch Woman's Club—\$150 per year. They meet the first and third Monday afternoons—October through the first Monday in May.

Antioch Business and Professional Women's Club—\$75.00. They meet the first Monday evening of each month, October through May. Very often they do not meet at the Scout Home the first Monday of October.

Private parties have been charged \$10.00 without the use of the kitchen—\$15.00 with the kitchen.

Intermediate and Brownie Girl Scouts have used the Scout Home Tuesday, Wednesday, Thursday and Friday afternoons.

Boy Scouts—Tuesday evenings, Explorer Scouts—Wednesday evenings.

Cub Scout Den—Saturday afternoons.

Four-H Club—second and fourth Monday afternoons.

Teenage Orchestra practice on some Sunday afternoons.

All Boy and Girl Scout committee meetings—when scouts are not using the building.

North Shore Area Council Boy Scouts meets about twice a year. They are scheduled for June 12, 1956; October 24, 1956, and June 11, 1957.

Lakeside Council of Girl Scouts meets about once a year.

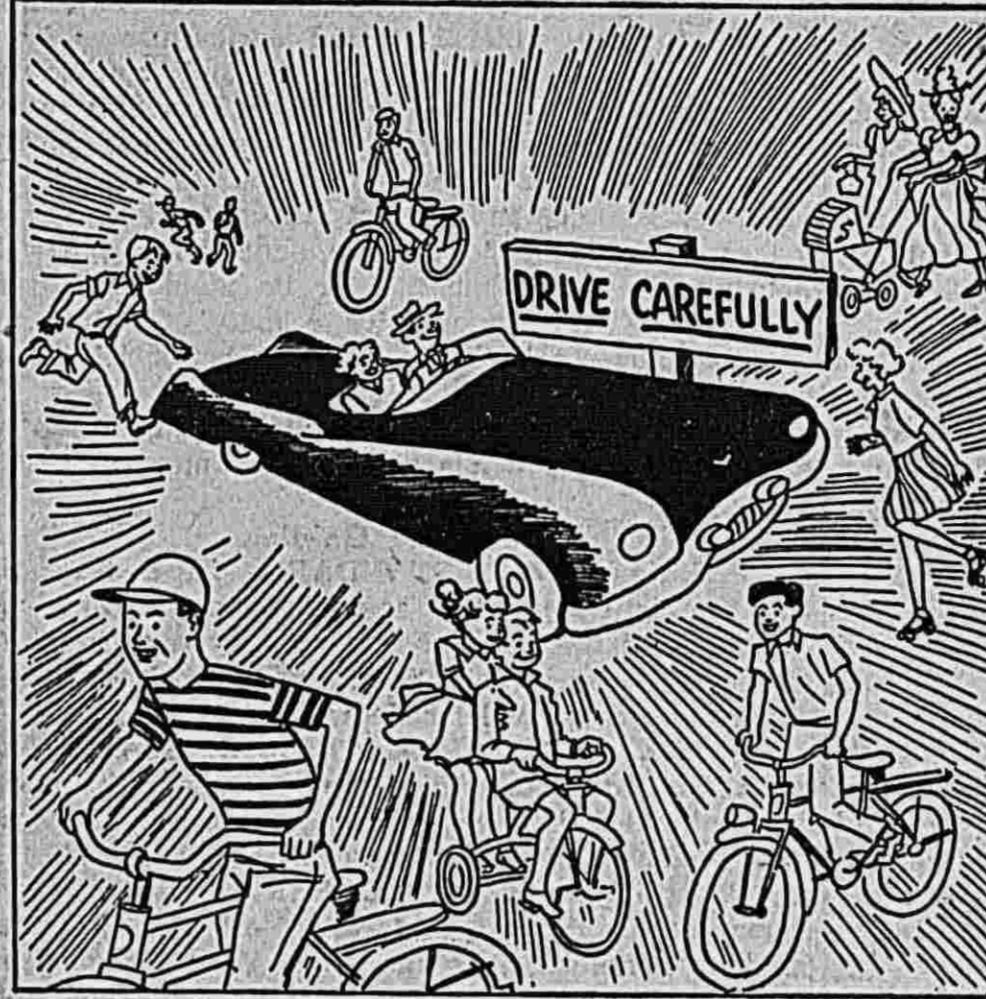

All Scouts and 4-H Club and Scout Organization do not pay for the use of the building.

It was Mr. Anderson's wish that all Scout troops have preference in meeting. Other organizations may use the building if the Scouts are not scheduled to meet. Private parties for teen-agers must be chaperoned. There is to be no liquor served at parties given in the Scout Home.

I suggest that the place be listed in the phone book as the Antioch Scout Home—not Boy Scout Home. There are many more girl scouts using the building than there are boy scouts.

SCHOOL VACATION PROBLEM

Honors Day at High School Sees Many Given Awards for Outstanding Achievement in Year

Channel Lake School District Plans Count For Seven-Man Board

A special census in the Channel Lake School district to ascertain whether or not there are more than 1,000 residents there which would warrant a seven-man board of education will be taken.

Petitions signed by 108 electors in the district were presented recently to county superintendent W. C. Petty, why by law is required to direct the taking of the census.

Mrs. Frank Kuechenmeister who joined Mrs. Ray Van Patten in circulating the petitions said that a special census taken in the school district nearly three years ago revealed a population of 980. Since then more than the 20 needed persons have moved into the district, Faculty members presented the other awards.

Students receiving awards:

American Legion School Medals—Jerry Meyer and Lenore McCord. Boys State—Lynn Bolton.

American Legion Auxiliary Girls State—Ross Meena.

Antioch Woman's Club: Most outstanding students: Jerry Meyer and Lenore McCord; Eastern Music Camp: Celia Hojem and Jay Cribbs; Conservation Camp: Joan Burton.

Journeyman Awards: Lynn Bolton, Rose Ellen Furlah, Joan Mair, Rosa Meena, Ora Lee Paskiewicz, Sigurd Petersen, Sue Wolfenbarger.

Star Awards: Sheryl Mair and Lenore McCord.

Perfect Attendance for four years: Marilyn Paglusich, Ora Lee Paskiewicz, Christine Ptasinski, Sue Wolfenbarger.

Baseball: Fresh Numerals—Robert Carlson, Allen Cheterbok, Russel Cote, Bill Dressel, Herb Hattendorf, Bill Javis, Jim Portalski, Bob Reed, Don Sheehan, Ray Teml, Jim Tully.

Sophomore Letters—Fred Faust, Robert Gable, Art Hanke, Bill Hart, Roy Hartman, Kenneth Hellstern, Roy Herbst, Robert James, Richard Jonas, Elvin Meyer, Norman Outinen, Robert Poulsen, Tom Samhamel, Peter Zalatoris.

Varsity Lettermen—Bill Barnstable, Lonnie Christensen, Frank Ferguson, Charles Larson, Jerry Meyer, Sid Parker, Jim Stonis, Wayne Swanson, Frank Walsh, Wayne Alhouse, Mgr.

Squad Members—Ken Anderson.

(Continued on page 5)

Deep Lake Man Dies of Heart Ailment

Charles F. Allen, 61, Deep Lake, Lake Villa, died Friday at 10:30 a.m. at his home of a heart ailment. He was born February 25, 1895 in Newark, New Jersey. He served in the U.S. Navy for 33 years and for the past 15 years was an instructor with the U.S. Navy at Northwestern University. His rating was that of Chief Torpedo man. He had lived at Lake Villa for the past month. He was a member of Fleet Reserve Association branch 12 of Chicago.

Survivors are his wife, Elmira, two step-sons, Allen Heath of Chicago and Creale Heath of Hillsboro and a brother Robert Allen of Jersey City, New Jersey.

Funeral services were held at 1 p.m. Monday at the Strang funeral home with the Rev. Edmond Hood officiating. Interment was in Home Oak, cemetery.

Winter of 1955-56 Will be Known as Cold One Considering Temperatures Below 65 Degrees

Seek Construction Bids For Emmons Addition

The legal notice printed in the Antioch News this week seeking bids for the construction of an addition to the Emmons school shows that the board is now taking action on a proposal voted favorable on Sept. 24. The bond issues were for \$75,000.

The bids to be opened on Monday, June 19 call for construction of a three room story addition to the present building on Beach Grove rd. at Rte. 59 with a new building to contain a basement, and toilets.

Rumor that there would be opposition to the move brought no material evidence and the present board is proceeding according to the mandate of the voters.

Get License to Marry

A marriage license was issued by the county clerk to Charles Anderson and Miss Doris Edwards, both of Antioch.

Two Young Men Killed in Auto Accidents Here

Lonnie Crawford, 23, Dies in Crash, and Sailor Is Electrocuted

Two young men were killed in automobile mishaps near Antioch over the week end.

Alonzo (Lonnie) M. Crawford, 23, a construction worker residing at Loon Lake, died at 5 a.m. Saturday from injuries received in an automobile accident on Rte. 59, a mile south of Grass Lake rd.

Sheriff's deputies said that Crawford's car, evidently traveling at high speed, got off the road on the shoulder, traveling 134 feet before it hit a culvert, somersaulted in the air and landed upright, then continued another 198 feet before it snapped off a utility pole and rolled on its side.

Crawford was killed instantly.

Funeral Services Tuesday

The Antioch Rescue squad removed the body to the Strang Funeral Home where the funeral service was held at 1:30 p.m. Tuesday, with the Rev. Gerald Robinson of Lake Villa Community church officiating. Interment was in Avon cemetery.

Alonzo Melvin Crawford was born July 20, 19

Machine Tools of Agriculture

As a part of a natural evolution, the farm machinery dealer must be much more than a salesman. He must be something of an engineer, with a thorough-going knowledge of what the equipment can do, and what equipment is best suited to each agricultural task. And the farm equipment industry must see to it that the dealers live up to this goal.

That is the substance of some remarks made a short time ago by an executive of one of the leading equipment companies. He said: "An equipment dealer actually is selling machine tools of agriculture, some of which are complicated in design, and complicated in operation too. Owners and operators must know the best way to run this equipment if they are to get their investment back in terms of time saved, drudgery eliminated, stands improved, and profit increased at harvest time."

This involves both a responsibility and an opportunity. The farm equipment industry is meeting that responsibility by continuous training and teaching of dealers and field representatives. And it is living up to the opportunity by broadening its market not just for farm equipment, but for the right kind of farm equipment, properly used and maintained.

Here, too, is more evidence of the fact that modern farming is a business and a highly skilled craft. The machine has been a powerful force in bringing about that development. The wise farmer will take full advantage of the valuable factual information the well-schooled dealer has to offer.

*** * ***
They're Your Dimes

"A good thing to remember," says the Abilene, Kansas, Daily Reflector, "in these days of all kinds of 'federal aids' is that the federal government hasn't got a dime that it doesn't take away from the people, so it can't give anything to a school system, building program, county welfare, flood control, crop surpluses or anything else, without first having taken it away from the people."

In this gigantic federal process of taking and giving, a large chunk of the local taxpayer's dollar goes to support the bureaucracy which provides "give away" services that in most cases could be better handled locally in the first place. Moreover, the money that is taken from the people and returned in part under the guise of "federal aid" is to a large extent extracted from the taxpayers indirectly. The next time you hear the political cry for a higher tax on a business or an industry, you should remember that the latter are like government too, in one respect. They have no money except what they take from consumers in payment for products or services. Their profits are either regulated by law or by competition. When additional taxes are levied against them they are forced to become collection agencies for government. The taxes are passed along to their customers.

The old saying that you can't get something for nothing is still true, even though many of us act like we don't believe it.

*** * *****More Capitalist Exploitation Wanted!**

In the communist verbal arsenal of half-truths and downright untruths, one is in constant use. It is that American big business is a ruthless exploiter. And American big business with foreign interests, the hackneyed argument continues, represents economic imperialism in its most brutal aspect.

It's interesting to compare this charge with a set of facts concerning the Arabian American Oil Company, which is jointly owned by four leading

American oil companies (Standard Oil Co. of Calif., Texas Company, Standard Oil Co., New Jersey, Socony Mobil Oil Co.).

Aramco—at an incredible cost in money and human effort—has developed Saudi Arabian oil resources, vital to the security of the free world, which had been untouched since time began. Its capital expenditures budget for the current year alone is \$80 million and last year it produced oil at the record rate of 965,041 barrels day.

But this is only part of the story. Aramco has brought civilization to Saudi Arabia. It has made enormous contributions to education, to the public health, to local enterprise and agriculture. Of its 20,397 employees, 13,371 are of the Saudi nationality. Last year 11,349 individual wage increases were granted to Saudi employees, and their average annual income was more than double the 1950 rate. In addition, the company spent an amount equal to wages and salaries to provide educational, medical, housing and other benefits for its Saudi employees. A group of 10 "opportunity schools" for training these employees and fitting them for better jobs is in operation.

If this is "economic imperialism" and "capitalist exploitation," the whole world needs more of it!

Grassroots Opinion

FALLON, NEV., STANDARD: "The truth is that the right to work is as fundamental as religious freedom and the right of free speech, free assembly, and free press. Where the right to work does not exist, there is no real freedom."

TERRE HAUTE, IND., TRIBUNE STAR: "The great foundation on which free representative government rests is free private enterprise. Government in business eats away at that foundation."

CARLSBAD, N. M., CURRENT ARGUS: "Governor Averill Harriman of New York . . . suggests getting completely off the New York State highways all who have proved to be unfit as drivers. As yardstick for fitness . . . the Governor stated that two offenses should call at least for suspension. He reminded that when he formerly was working on the railroad . . . an employee was suspended when involved in just one accident."

TELL CITY, IND., NEWS: "It seems that warm months offer many new means for the fast buck guys to operate. The field of operation may include everything from fake roof and gutter cleaners to phony telephone quizzes. . . . Actually there is no need for this to happen. There is a cure. Let the fellows, who are in business in local concerns do your work."

*** * ***
The Changing Farm Picture

The farm program that is finally approved this year may be based on flexible price supports or high fixed supports. It may contain a new experiment in the form of a soil bank. It may involve a two-price system for basic crops.

Whatever happens, the program will mark another attempt to deal with an extremely difficult problem—how to keep farm income at good levels at a time when production is still outrunning consumption and enormous surpluses continue to accumulate, and to gradually reduce these surpluses.

But regardless of what the government does or does not do, it is inevitable that the farm situation of the relatively near future will be vastly different from that of today.

We must feed millions of new American mouths each year. Despite current difficulties involved in disposing of U. S. surpluses abroad, there are heavily populated areas throughout the world which are woefully short of food and fiber, and it seems certain that more and more of the rich production of our farms will be wanted by them. Yet our agricultural acreage is shrinking. Croplands are becoming residential areas, industrial sites, airports, highways.

So, ultimately, each remaining farm acre will have to produce more. Farmers will have to have more and better mechanized equipment—not only for current production, but as an essential aid in soil conservation. Every technique and tool that makes for increased and more economical production will have to be used to the limit. Otherwise, within a generation perhaps, instead of a surplus, we could have an agricultural shortage.

Deep Lake

Mrs. Millie Luehr, Correspondent
Eliot 6-4946

Happy to say Mr. F. C. Petty has recovered from his recent illness.

We welcome to Deep Lake and our Association Mr. and Mrs. Nichols. They purchased the John Dahms home.

Fritz Nelson left for a month in Florida. He will visit with his sister-in-law. His brother passed away last year.

Leslie Swanson was a week end guest of Mrs. Ann Swanson and family. His wife and family went to southern Illinois to attend a niece's graduation.

The Deep Lake Assn. Board met Saturday night, June 2nd, at the home of Art Sletten, president. On the agenda is the cleaning of the weeds in the lake and preparations are being made for the carnival to be held July 6-7-8. After the meeting smorgasbord was served and refreshments, which were delicious.

Christine Olsen graduated from grade school and received a row boat from her folks. Her Dad being an artist did a swell job on the boat, making it the prettiest boat on the lake.

Gary Stollenwerk graduated from St. Peter's school. A party followed. Guests were Mr. and Mrs. John Adams and son Dale Adams, Miss Lorene Stollenwerk, all from Waukegan, Mr. and Mrs. K. Horcher and son, Waukegan, Mr. and Mrs. J. H. Miltimore and children, Gurnee, Mr. and Mrs. Dell Stollenwerk and daughter, Mary, from Kenosha; also Ray Stollenwerk. His sister, Kay came from State Normal University. Carol Larson graduated from grade school. Guests at her home were Mr. and Mrs. Roger Larson, Chicago, Mrs. Janis Schneider and family from Arlington Heights.

Mr. and Mrs. Carl Larson of Crooked Lake were dinner guests of Mrs. Edna Stevens Sunday night, as was Harry Cochran.

The Ladies Auxiliary Board will meet Thursday, June 7, at the home of Edna Stevens.

Top It With Minute Mashed Potatoes

An old favorite with budget-minded homemakers who want to serve quick yet nourishing meals is a well-seasoned meat pie. Here's an attractive version, baked in a casserole, which is topped with mashed potatoes.

In using the new packaged mashed potatoes, you need only press the potato shreds, pour right from the package, into boiling water and whip with a fork to have creamy smooth mashed potatoes. No peeling, no boiling, no mashing! Once you've tried these packaged mashed potatoes, now at your neighborhood grocer's, you'll use them often.

Quick Meat Pie With Mashed Potato Topping

½ cup chopped onions	½ teaspoon pepper
2 tablespoons butter or	½ cup water
margarine	1 can (8 ounces)
1 pound ground beef	tomato sauce
1 to 2 teaspoons chili	1 package packaged
powder	mashed potatoes
1 tablespoon flour	2 cups boiling water
½ teaspoon salt	½ teaspoon salt

Sauté onions in butter until tender. Add ground beef and chili powder and sauté until lightly browned. Sprinkle with flour, ¼ teaspoon salt, and the pepper and mix well. Stir in water and tomato sauce. Simmer, uncovered, over low heat 10 minutes to blend flavors. Stir occasionally.

Meanwhile, add packaged mashed potatoes to boiling water. Remove from heat. Do not cook. Quickly press potatoes into water with a table fork to moisten evenly. Add ½ teaspoon salt. Whip with the fork for about a minute.

Pour meat mixture into 1½-quart casserole. Spoon potatoes in mounds on top, or spread potatoes over the top. Put under broiler a few minutes to brown potatoes lightly. Makes 4 servings.

by Richard Joseph

Here's a quick vacation budget formula: take the amount you have for your trip and subtract from it your round-trip fare and what you want to spend for shopping. Divide what's left by the number of days you'll be away. The result will be the amount you can afford per day for room, meals, sightseeing and incidentals.

Who says the British don't have a sense of humor? In front of a church in the Midlands is this sign: "THIS IS A CH...CH. WHAT IS MISSING?"

Ever wonder why so many famous brands of bourbon are made in Kentucky? The explanation is that Kentucky abounds in limestone springs, the best type of water for making bourbon. It all started more than a hundred years ago when Dr. James Crow discovered a limestone spring near Frankfort and established his Old Crow distillery there.

An out-of-the-world barbecue idea I picked up while visiting the Wisconsin cheese country goes like so: Barbecue one side of the steak, turn it over and spread that side with bleu cheese. Finish cooking the steak and serve—to cheers, applause and demands for more. Works just as well in a grill or oven.

If you have to consult a road map while driving, pull off the roadway and stop, the Chicago Motor Club warns. Keeping your directions straight only takes a minute, and it could save time and trouble.

Built-In Rotisserie. With Hotpoint's Roto-Grill you'll turn out roasts, fowl, seafood that's crackling-brown outside, moist and tender inside. Skewer turns automatically.

Probably no electrical appliance made has undergone more rapid or more remarkable advances than today's electric range.

Newly designed and improved surface units have moved from the laboratory to the kitchen as quickly as they were proven. And engineers have found better ways to transform electrical energy into high heat—swiftly, economically, and with a greater degree of cooking control.

But the speed of modern electric ranges is only one of the reasons you'll like cooking electrically. It will keep your kitchen an average of 10 degrees cooler (even when the oven's on for hours)! And, there just isn't any cleaner way to cook.

The new electric ranges come in a rainbow assortment of colors as well as white. They offer many "new idea" features like—built-in ovens, rotisseries, deep-well cookers . . . even

automatically controlled surface units. So if you plan to build, buy or remodel your home, find out how little it costs to own a really modern, automatic electric range.

Big Saving—We Pay Part of Your Range Installation Cost!

Need new wiring to install your electric range? We share the cost with qualified home owners in 1, 2 and 3-family dwellings. This can cut your expense by about half.

And you get more than a money saving!

The modern wiring that goes with your installation helps improve your TV picture, brightens lights, makes everything electrical work better. You can also install a 240-volt electric dryer, water heater or air conditioner quickly and cheaply. The Share-the-Cost Plan is available on terms of up to 2 years.

PUBLIC SERVICE COMPANY

SOCIETY EVENTS

**Rainbow Girls To
Install Officers
Sat., June 9th**

Antioch Assembly No. 23 Order of Rainbow for Girls extends an invitation to the public to attend its installation of officers Saturday, June 9, at Wesley Hall, Methodist church. Nancy Quinn, past worthy advisor of Antioch assembly will serve as installing officer, assisted by Nancy Swanson, marshal, Phyllis Pincombe, chaplain, Carol McIntyre, past worthy advisor of Bensenville assembly, recorder; Mrs. Virginia Blake, musician, Mrs. Mabel Lou Dow, past grand choir director, soloist, and Dinane Mantis, acting drill leader. Marlu Bushing will be mistress of ceremonies. Odes to the flags will be given by Joan Wagner, Goldie Stillson, and Terry Gallagher; color guards, Allen Stowe, Peter Zalatoris, and Elmer Oelker. Mrs. Lillian Stowe will be guest of honor. Other honored guests will be Mrs. Elsie Hays and Donald Stowe.

Marion Stowe, daughter of Mr. and Mrs. Donald Stowe will be installed as worthy advisor. Other officers to be installed are as follows:

Eleanor Storch, worthy associate advisor; Sigrid Petersen, charity; Peggy Cardiff, hope; Donna Gibbs, faith; Marlu Bushing, treasurer; Nancy Scott, chaplain; Clara Lassen, drill leader; Theta Long, love; Judy Fath, religion; Karen Van Patten, nature; Trudy Good, immortality.

Lenore Jahnke, fidelity; Karen Horton, patriotism; Linda Pavel, service; Sharon Berke, confidential observer; Christine Olson, outer observer; Sharon Dittman, musician; Maxine Lemke, choir director.

**Miss Schippmann
Becomes Bride of
Walter R. Shourd**

Miss Natalie Jean Schippmann, daughter of Mr. and Mrs. Edward Schippmann of Petite Lake became the bride of Walter Richard Shourd son of Mr. and Mrs. Roy Shourd, Sr., of East St. Louis, in a double ring ceremony May 19 at Trinity Lutheran church at Long Lake, with Pastor Myron Hoff performing the ceremony.

The bride, gowned in a white chantilly lace over satin, was given in marriage by her father. Her gown was fashioned with a tight fitting bodice, a square neckline with long sleeves and floor length full skirt, a matching contour crown of pearls, and fingertip illusion veil. She carried a colonial style bouquet of white roses, stephanotis and snapdragons.

Mrs. James Harvey served as her sister's matron of honor and Helen Kay Thorpe, cousin of the bride served as bridesmaid. Both were gowned in street length dresses of powder blue organdy with wide blue taffeta cumberbands and matching picture hats. They carried colonial bouquets of blue carnations. Donna Marie Harvey served as flower girl. She wore a short blue organdy dress and carried a small colonial bouquet of white and blue carnations, and a crown of feathered carnations in her hair.

Harlan Jones served as best man and James Harvey ushered.

The bride's mother wore a blue and white print silk sheath dress with matching blue coat and pins accessories. Her flowers were white carnations. The groom's mother wore a pale blue dress with white accessories and her flowers were white carnations.

A reception was held following the ceremony at the American Legion hall in Fox Lake. After a wedding trip to the Ozarks, the young couple will make their home in Chicago.

**B. P. W. INSTALLS
NEW OFFICERS MON**

Miss Florence A. Aitken of Chicago, chairman, District 1, Illinois Federation Business and Professional Women's clubs, Inc., installed the officers of Antioch club Monday evening at the Scout House. Mrs. Carolyn Horan was installed as president; Mrs. Wanda Barthel, vice president; Ruth Gaston, Secretary and Dorothy Besch, treasurer.

Other guests were Miss Lida Roberts, past president of Skokie club and Miss Kate Certo of Chicago. Dinner was served at six-thirty. Committee chairman appointed by the new president were as follows: Social, Helen Patrovsky; Finance, Patty Kempf; Program, Lillian Hand; Health and Safety, Vara Horton; Radio, Barbara Kufalk; Publicity, Margaret Gaston; Membership, Wanda Oftedahl and Cheerup, Wilma Gibbs.

Paul Kessenich, Antioch Township high school coach was among the 54 coaches to take the outstanding trip by plane of the Naval Air Force to Pensacola, Florida last week.

Robert Charles Dieball of Antioch was among the 1,200 who received degrees at Louisiana State University's commencement ceremonies June 2. Robert is the son of Mr. and Mrs. Elmer Dieball of Lake Cather-

New Officers of Antioch B. and P. W. Club

Officers installed Monday evening by the Business and Professional Women's Club are, standing, left to right, Mrs. Ruth Gaston, secretary; Mrs. Dorothy Besch, treasurer; Mrs. Carolyn Horan, president; and Mrs. Wanda Barthel, vice president; seated are Mrs. Mae Atwood and Mrs. Wanda Oftedahl, outgoing president.

Engaged

Jaclyn Martin

Mr. and Mrs. Gordon Martin of Lake Villa have announced the engagement of their daughter Jaclyn to Mr. Phillip Vos, son of Mr. and Mrs. Roman Vos of Antioch. No wedding date has been set.

ALTAR, ROSARY SOCIETY ENTERTAINED WITH REVIEW

Members and guests of the St. Peters Altar and Rosary Society were entertained Monday evening by the A and R Cabaret revue.

Those donating their time and talent to make the show a success were Rose Masopust, Christina and Frank Moser, Terry Harrison, Charles Cermak, Jr., Peter Freund, Tom McGreal, Patricia Kennedy, Leone Nelson, Ronald Peters, Joan Burton, Shirley Gutowski and Joan Cervenka.

Lee Frank strolled among the guests and played requests on the accordion before the show started.

Miss Joan Cervenka accompanied Don Klier acted as master of cere- monies. During the intermission and after the show, music for dancing was provided by Lee Frank accordian, Richard Rockow saxophone, Tom Haley drums and Joan Cervenka piano.

Mrs. Chas. Solar and her committee—Miss Joan Cervenka, Mesdames Ruth Peters, Chas. Cermak and A. Stanich did a fine job in organizing the show and decorating the Church hall. Mesdames John Dupre, Edward Jacobs, Samuel Bailey, Barbara Feht, Leroy Frank and Jos. DeStefano served the refreshments.

WILRETT WILL ADDRESS WOMAN'S GARDEN SECTION

The Garden Section of the Antioch Woman's Club will meet at 1:30 p. m. Monday at the home of Mrs. John Wagner, Windsor Terrace, where Robert Willrett of the Pine Tree Manor Green House at Lake Villa will speak on "Summer Gardens."

The Garden Walk Committee will report on the plans they are making for July 9. They will sell 100 tickets for visit to 5 homes where both indoor and outdoor floral beauty will be observed and refreshments will be served at the last stop.

Tickets will bear a map to the homes. Those making the plans are Mrs. Louis Biel, Mrs. Vos and Mrs. Wagner.

Petunias and geraniums were recently planted in a garden near the fire station by the women as a community beautification project and some of them toured the Hughes Tulip Farm near Millburn on Monday. Many of the tulip bulbs blooming at the Scout House were donated to the Garden Section by the Hughes.

William Kumst of Loon Lake underwent major surgery at Con dell Memorial hospital, Libertyville Friday. His condition is improving.

Robert Cain son of Mr. and Mrs. M. C. Cain will leave Saturday for Fort Leonard Wood, where he will enter U. S. Army training.

Women Outnumber Men

Women outnumber the men in Antioch.

This was revealed in a report on the census through Charles F. Carpenter, secretary of state for Illinois, who informed Clerk Clarence Shultz that of Antioch's total population of 1,802 persons, 919 are female and only 883 male, a difference of 36.

There are no non-white residents.

TO RECEIVE DEGREE

Gail Ann Dietrick, daughter of Mr. and Mrs. K. F. Dietrick, Winsor Drive, will receive a Bachelor of Science degree at Miami University's 117th annual commencement which will be held June 11 at 10:30 a. m. in Withrow Court, the University's gymnasium and convocation center, Oxford, Ohio.

WOMEN'S AUXILIARY TO AID FIREMEN

A Women's Auxiliary of the Trevor Volunteer Fire Department has been organized for the purpose of aiding the Fire Department.

Women who are wives of the members of the Fire Department are eligible to join.

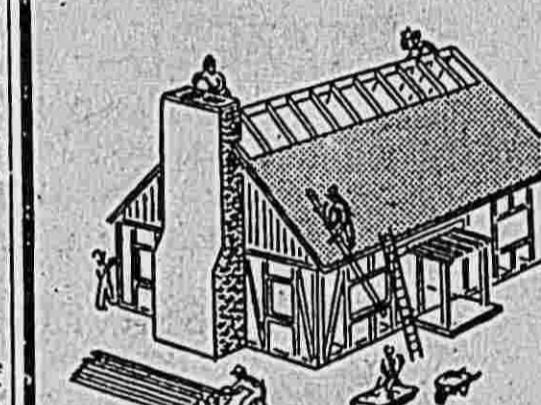

The meetings have been set for the second Wednesday of the month at 7:30 at the Fire Department building.

Wives are urged to join and to attend the July meeting.

Miss Ruth Kufalk, daughter of Mr. and Mrs. William Kufalk, returned home today after attending Northern Illinois state teachers college at DeKalb.

Robert Carl Lubkeman

RECEIVES BACHELOR OF SCIENCE DEGREE AT BRADLEY UNIVERSITY

Robert Charles Wilton, son of Mr. and Mrs. Robert J. Wilton of Antioch, received a Bachelor of Science degree at Bradley University, Peoria, commencement exercises June 3. Wilton majored in Business Administration at Bradley. Bill, a younger son of the Wilton's returned home with his parents to spend the summer months, he will enter Bradley for his sophomore year in the fall. Mr. and Mrs. Charles Watson of Camp Lake also attended the commencement exercises.

To Visit in Ireland

Mr. and Mrs. Robert Blair and daughter, Mrs. George Heuer of Townline Rd., will leave Monday on a trip to Ireland and Scotland. They will sail on the new Empress of Britain. At Larne, Ireland they will visit Mrs. Blair's brother and sister, and at Belfast several nieces and nephews. In Glasgow, Scotland they will visit Mr. Blair's sister. Mrs. Heuer will return about August 1, while the Blairs will remain until mid-September.

Mr. and Mrs. Fred Wohlfell of West Fargo, North Dakota are visiting their son and family at Channel Lake.

Ladders should always be climbed slowly and steadily, according to the Institute for Safer Living. Any sway or shifting movement of the ladder is a good indication that it is improperly placed. While working, always leave one hand free or in a position to grasp the ladder instantly if the need arises.

\$675 Goal Reached In Cancer Fund Drive

The goal of the 1956 Cancer Drive was attained in the Antioch area through total receipts of \$675.44. The goal was \$675.

The drive was under the direction of Mrs. Louis A. Biel, and Mrs. Morris Pickus, co-chairmen.

A total of 1,500 letters were mailed to residents of the township through the help of Mrs. Norman Benson, Mrs. E. J. Sletten, and Mrs. John Dupre. From this source \$35.50 was obtained.

From the 75 receptacles placed in various places of business in the township by Mrs. Morris Pickus, \$88.79 was realized.

Two tag days conducted by Mrs. A. J. Scully with the help of Karen and Julie Lightsey, Sandra Kubs, and Kathy Scully, brought about \$6.16 because of rain on both days. Memorial gifts amounted to \$45.

Many Cold Nights in May Sees Mercury Falling To Freezing

Cold weather that may have set a record for the month was experienced in Antioch in May and opened the month of June.

There was freezing temperature on May 8 and on no fewer than seven nights the mercury ranged between 32 and 38 degrees. The cold nights were 33 degrees on May 1, 38 on May 3, 36 on May 4, 35 on May 7, 32 on May 8, 35 on May 16, and 35 on May 24.

The warmest temperature for May was 89 degrees on the 22nd.

Rain fell on 13 days for a total of 2.25 inches. The record of Cooperative Observer Roy Kufalk shows that rain fell in the following amounts:

May 4—15 inch; May 5—44; May 9—38; May 10—12; May 11—02; May 15—08; May 16—Trace; May 17—18; May 23—43; May 27—08; May 28—02; May 29—30; and May 31—05.

June started out in the same way with .37 degree minimum on the second, and 38 degrees on the third. The highest for this month so far is 76 degrees.

Smart's Country House Sold to Ray Lorenz; Haviland Plans Untold

Bernard J. Haviland has sold his restaurant, Smart's Country House west of Antioch on Rte. 173 to Ray Lorenz, formerly of Lincolnwood, Ill., who took possession on June 1.

Haviland opened the dining place in 1948, converting the Smart family homestead into one of the best restaurants in Lake County. During the eight years he had the business it has gained renown over northeastern Illinois, and has become a popular dining place for clubs.

Lorenz plans to keep up the reputation of the place as a good place to eat.

Haviland said he is not ready yet to announce his future plans which are in the making. The price involved in the transaction was not given by the buyer or seller, but there were rumors that it approximated \$130,000.

Four Salem Central Baseball Stars Have Tryout for Milwaukee

Four of Salem Central's baseball team were invited to the Milwaukee Braves try-out games this week. They included Dick Weber, a catcher; Ben Zehn, a pitcher; Ronald Nelson, first baseman; and Dean Shults, outfielder.

Twenty-four young players from high school teams throughout the country were invited and Salem is providing four of the five from Wisconsin. Two were called from Illinois, three from Louisiana and Arkansas.

That four were selected from the Falcons is regarded as a tribute to Coach Becker's squad.

They will return to Milwaukee the last week in the month for the final selection for the Braves farm team. Zehn seems assured of a career in baseball.

The Salem Central team lost to Bay View High of Milwaukee 6 to 5 to be counted out in its attempt to win the state championship. In the last game the Falcons lost to Kenosha 2 to 1.

James Fahey, 82, Dies in Kenosha

James (Dad) Fahey, 82, Cross Lake, passed away Monday in a Kenosha hospital after five weeks of illness. For the past twenty-seven years he had made his home at Cross Lake. He was a retired railroad clerk.

Survivors are a son, Raymond J. of Chicago, 4 grandchildren and 8 great grandchildren.

Funeral services were held at 9:30 a. m. this (Thursday) morning at St. Benedict's church. Interment was in Mt. Carmel cemetery, Antioch.

The American Red Cross transmitted welfare messages during the past year at the average rate of 4,500 per day or three per minute, for the benefit of servicemen and veterans.

Present Special Awards to Students

Representatives of the Woman's Club of Antioch presented scholarships and awards to these Antioch Township High School students. They are, left to right, Jerry Meyer, outstanding senior boy; Lenore McCord, outstanding senior girl; Mrs. M. M. Stillson, and Mrs. Earl Hays, club representatives; Joan Burton, Conservation Camp scholarship recipient; Celia Hojem and Jay Cribb, Elmhurst music camp scholarships.

Lions Golf Outing June 13

The spring golf outing of the Antioch Lions club will be held next Wednesday at the Chain O' Lakes Golf course. There will be prizes for all but a gold trophy will be for the best score, and another gold trophy for the best handicap. Golf will be followed by dinner and the awarding of the prizes. Joseph Patrovsky is in charge of the event.

Saturday Night Rule.....

(continued from page 1)

The question as to just how entries should be made in the report prevented acceptance by the board of the annual report of Village Treasurer Mrs. Martha Hunter Tuesday night. E. F. Laurin, auditor when the books were set up was to be consulted today on the matter.

He was said to have advised Mrs. Hunter one method which members of the board and the new auditor, Norman Jedele do not subscribe to.

Arthur Laursen has re-subdivided his plat on Ida Avenue and Bishop street, providing 14 lots, and this new arrangement was approved by the village board.

Albert Herman's Orchard crest

plat of 23 lots at Orchard st. and Hillside ave. was also approved.

The board approved the appointment of David Nissen to the fire department, and granted expense money for two delegates, Chief Edgar Simonsen and Russell Stowe to attend the fire college at Champaign, Ill., June 11 to 14.

Also approved was the appointment of Walter Garver, Robert Ruggles and Edward Lindstrom to the auxiliary police squad. The auxiliary car will be outfitted with a radio turned to the county sheriff's communications.

George Castle asked permission

to open a snack bar and frozen custard stand in what was the Shell Oil station at Main and Lake sts., and was told that the village has no zoning or other restrictions or licenses that might restrict him from doing so. He plans a drive-in and curb service and will remodel the building for this purpose.

Survivors are a son, Raymond J. of Chicago, 4 grandchildren and 8 great grandchildren.

Funeral services were held at 9:30 a. m. this (Thursday) morning at St. Benedict's church. Interment was in Mt. Carmel cemetery, Antioch.

The American Red Cross trans-

mitted welfare messages during the

past year at the average rate of

4,500 per day or three per minute,

for the benefit of servicemen and

veterans.

the month, but indicated that it

would not be until next September.

The reason for this is that the enumera-

tion should only consider the

permanent residents and the Sep-

tember date will be after the sum-

mer residents have left.

Decorator's Notebook
by Alicia Joyce**Natural Wood Grain Enriches New Styles**

It's easier than ever to give your home warmth and originality with today's new furniture styles in richly grained and figured hardwoods. After years of "look-alike" furniture, designers have revolted against monotonously uniform wood grains and paint-like finishes.

They've rediscovered the wealth of beautiful natural figure and grain patterns in the favorite woods, and are also using a greater variety of different woods, each with its own distinctive patterns and colors.

The woods used for today's fine contemporary and traditional furniture are as individual as the fabrics in dresses and, like fabrics, come in patterns of many different moods.

Some wood patterns are casual in appearance, others are rather formal. Woods of the same general mood can always be mixed within a room.

Most frequently, wood figure and grain patterns are used in "random" effects for a casual elegance, as in this walnut dresser and add-on top desk unit from the "Mardi Gras" collection. In this grouping, each piece has a varied wood pattern that adds distinction to the simple, basic lines and dispels any feeling of bulk.

For more formal furniture, wood grains and figure types are often specially matched or inlaid in stylized motifs.

Every piece of fine hardwood is an original, distinguished by interesting variations and a depth of beauty which have never been successfully duplicated by wood imitations. That's why genuine hardwoods are the favored furniture material. Many manufacturers now identify their furniture with a "genuine hardwoods" seal so the homemaker can be sure she selects real hardwoods of lasting beauty and individuality.

Mrs. Lynn Sherman, Mrs. Clem Tilton Sr., Grace Jacobs, Mr. and Mrs. George Houston, Mr. and Mrs. Roger Sherman and family spent Sunday at Mr. and Mrs. Wayne Tilton.

Mrs. Wm. Maxey, Libertyville, spent Sunday with Mrs. Henry Vincent and Mr. and Mrs. Geoffrey Goulding. Mrs. Vincent returned to Libertyville to spend two weeks with Mrs. Maxey.

Mr. Melvin Wertz Sr., and son, Melvin Jr., Eileen Kennedy, Chicago spent the weekend with Mr. and Mrs. Wm. Wertz.

Mr. Ernie Schmidt, Ft. Atkinson spent Sunday with Mr. and Mrs. Wm. Wertz.

Mr. and Mrs. Elmer Hahn and Carol, Riverside, Calif., spent Sunday afternoon at the Schubert-Albrecht home.

Mrs. Alex Schubert and Barbara spent Friday evening with Mrs. Joe Schubert at Burlington Memorial hospital.

Mrs. John Hasselman and Millie Darby spent Monday at the Schubert-Albrecht home.

Dana McCallum returned home from Victory Memorial hospital, Waukegan after a week's observation there.

Mr. and Mrs. Gust Neuman, Fred Rieman were Sunday supper guests of Mr. and Mrs. John Paesch, Salem.

Mrs. Matt Thom, Paul and Michael spent the week with Mr. and Mrs. Bernard Tom at Rineland, Wis.

Richard Peterson returned home from Korea Wednesday and will receive his discharge this week.

Mrs. Kenneth Stockton and Lana Kay, Watertown, S. Dak. spent Saturday and Sunday with Mr. and Mrs. Alfred Oetting.

GOT YOUR HEART SET ON AN OLDS?

JUNE is the month

to say, "I do!"

Let us show you why...
It's money in your pocket
to buy your Rocket now!

If you've been longing for the day when you could make a beautiful Oldsmobile your very own... take a good look at these facts!

Olds takes care of your future! This beauty is styled to capture admiring glances today... and tomorrow. Oldsmobile's styling leadership keeps you in fashion now or years from now.

You give the orders... and the Rocket's quick to answer! You're in charge of 230 hp.* in one of today's finest high-compression engines. And you'll notice that makes a powerful difference in performance.

And what a ride! Oldsmobile's big-car features

pay off with one of the steadiest, smoothest rides on the road... a ride that nestles you down to the road—safer, more secure.

The Rocket's budget-wise! The price is surprisingly low. And Oldsmobile's outstanding resale value means your Olds can cost far less to own. Remember, too, your present car commands a high trade-in value right now! So, make your move up and over to Olds... and drive happily ever after!

*240 hp. in Ninety-Eight and Super 88 series.

YOUR INVESTMENT HOLDS... WHEN YOU GO OVER TO OLDS!

Ask us to show you the latest figures on resale value. You'll see that you get top value today... top return when you trade or sell tomorrow! It can actually cost less to get out of the ordinary... into an Olds!

"Cutting Down Fertilizers is No Economy"*Says Agriculture Official*

Fertilizer is the mainstay of any efficient farming operation. And efficient farming is the only way to beat lower prices, to show a profit at year's end.

"Some farmers may be tempted to economize by using less fertilizer," says True D. Morse, Undersecretary of Agriculture. "It will be a mistake. Increasing yields per acre are your quickest and most certain way to more profits."

The way to make money from farming today—whether prices go up or down—is by cutting crop production costs through higher yields per acre. Whether you're growing small grains, forage crops, vegetables, or any crop, you'll do it more efficiently with commercial fertilizer.

Your state agricultural college issues fertilizer recommendations tailor-made for your individual crops. Those recommendations are made with you in mind. You'll be ahead of the game if you follow them.

Keep in mind that for fertilizer to do its productive best, there must be a balance of plant nutrients

HEALTH HINTS*By Dr. C. A. Henderson, President
National Chiropractic Association***Why Have Those Recurring Headaches?**

Headaches are not unimportant incidents to be dismissed by deadening the pain. The recurring type, especially, is a warning and to ignore its clear indication of some deeper seated trouble is like turning off the alarm and going back to sleep.

The common headache is a source of the home, factory, and office. It comes from definite and varied disorders, which must be diagnosed and eliminated.

Many headaches come from excesses in food, drink, overwork, lack of sleep and relaxation, insufficient fresh air and exercise, nervous tension and emotional upsets. Among the serious afflictions, chronic or acute, which may contribute to the occurrence of headaches are diabetes, kidney disorders, anemia, constipation, sinusitis, and eyestrain.

Recurring headaches usually stem from some deep-seated, abnormal processes. Temporary relief may be welcome, but unless the basic cause is located, in a thorough physical examination, and then eliminated, serious damage may be done to the entire system.

The most common cause of recurring headaches is nerve irritation as a result of displacement (subluxation) of one or more neck vertebrae. These affect various nerves and cause pain inside or outside the head. In migraine, they also involve the blood supply.

No headache is just an "effect" without a cause. The doctor of chiropractic knows better than to dismiss it as something to be temporarily relieved and then ignored until it happens again and again. Careful spinal manipulation, following X-ray examinations for diagnostic purposes, offers relief while correcting the basic cause—nerve irritation. The restoration of normal nerve function gives assurance of welcome relief from recurring headaches.

If you are driving 50 miles per hour, stay at least 100 feet behind the car ahead, safety experts warn. For every additional 10 miles per hour that you speed up, you should safely increase your distance another 20 feet. Many traffic accidents cannot be avoided just because the driver is following too closely.

You'll see when you try
Buick's new
Variable Pitch
Dynaflow!*

Buick CENTURY
6-Passenger 2-Door Riviera

IT TAKES a new word to describe the magic at your command when you drive a '56 Buick—with the newest transmission of them all.

It's full power go-ahead on the instant. You can get where you were just looking in a shaved second's time—with the most modern and most thrilling surge of safety acceleration in the land today.

It's smoothness, too. Complete freedom from the "bump" and lag of gears shifting. Only with Dynaflow can you go winging away with so smooth a sweep.

And only with a '56 Buick can you enjoy Dynaflow's newest marvel. The engineers call it "double regeneration." Lets you start off like an Olympic sprinter, with the pedal pressed just an inch or less. (And driving that way, you get better gas mileage.)

There's more big news, too, that goes with this new Buick magic. And that covers a lot more than styling.

Sure—you'll like the graceful new beauty of the V-shaped prow and sweep-ahead look. And you'll like the extra room inside.

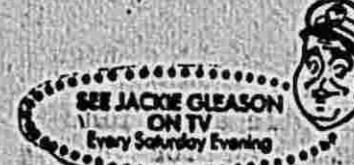

But as you drive you'll find that this Buick responds with the new might of a big, record-powered V8 engine of 322-cubic-inch heft.

It handles easy as butter to a warm knife. Tracks the curves like a plane on the beam. Makes any road seem paved with pillows.

And what's responsible for all this are more new engineering advances than Buick has ever made in one model year.

So why not come in and see—and feel—the difference they make? You'll soon know why owners find it's the best Buick yet—and the best buy yet, by far.

*New Advanced Variable Pitch Dynaflow is the only Dynaflow Buick builds today. It is standard on Roadmaster, Super and Century—optional at modest extra cost on the Special.

High School Summer Band Begins Rehearsals

Rehearsals of the Antioch Township High School summer music program will get under way on Monday, June 7. The summer music program is open to all Antioch High School students and to those who will be high school students this fall. Each student musician will take part in at least one sectional rehearsal and one full rehearsal each week. Activities already scheduled include two outdoor concerts, the DeKake Centennial celebration, the State Fair and the Chicagoland music festival.

Following is the schedule of weekly activities:

Monday, 2:00 p. m., Percussion I.
Monday, 3:00 p. m., Woodwinds I
Monday, 6:30 p. m., Brass II, baton twirling

Monday, 7:30 p. m., special band rehearsal.

Thursday, 2:00 p. m., Percussion II
Thursday, 3:00 p. m., Brass I
Thursday, 6:30 p. m., Woodwinds II.

Thursday, 7:30 p. m., full band rehearsal.

Any student who would like to take part in the summer music program but are not yet registered may make arrangements for registering by phoning the high school, Antioch 214, Louis Chenette, director.

Antioch Invited to the Flower Show at Grayslake

The Grayslake Garden Club has announced that plans have been completed for its first flower show, which will be held at the American Legion Hall in Grayslake on Thursday, June 14.

The club has issued an invitation to residents in the surrounding area to participate in the show by entering specimens from their gardens: annuals, perennials, potted plants, fruits or vegetables; and in the arrangement classes.

The classes for these arrangements were selected with the view of a salute to Grayslake: the library, the fire department, the markets, the founders, the industries, the schools, the churches, and other arrangements which are outlined in a schedule which is obtainable from the committee.

The show will be open to visitors from 12:30 to 9:00 p. m. There will be a free will offering requested to help defray expenses.

If anyone should have a question regarding rules or procedures, please contact Mrs. George Schaefer at Ba 37951, Mrs. Clare Appleby at El 63811 or Mrs. L. R. Qualmann at Ba 31061.

**Teen Agers League**

Monday, June 4

The "Teen Agers" League got off to a fine start at the Antioch Recreation lanes on Monday evening at 7:30. There were 40 members making up ten teams and by all appearances, an enjoyable evening was had by everyone.

Four Roses won 3 games from the Alley Cats.

Four Lovers won 3 games from Four Wildcats.

Antioch Hotshots won 3 from Four Diamonds.

Four Aces won 2 games from the Bombers.

Galloping Ghosts won all three games from the Four Bunnies.

Norm Wojcynski had high scores—151-98-164—413 total.

Alley Cats—Dan Seyfarth, Judy Keulman, Pat Callahan, Helen Herman.

Four Lovers—Karen Van Patten, Dave Valkenar, Mary Van Patten, Norm Wojcynski.

Hotshots—Bill Carney, Jack Hogan, Mary Folbrich, Gordon Volland.

Four Roses—Maureen Smith, Royal Rockow, Paula Zeien, Marty Quilly.

Wild Cats—Joe Christensen, Richard Dupre, Judy Maleck, Arlene Rozek.

Four Diamonds—Janice Nelson, Lee Osmond, Ray Van Patten, Jr., Elvin Meyer.

The Bombers—Bill Layton, Sid Parker, Bill Barnstable, Elaine Christensen.

Galloping Ghosts—Roger Lang, Frank Sekesko, Karen Rentner, Eddie Kadlec.

Four Aces—Ken Anderson, Lou Christensen, Leona Kostka, Louise Kostka.

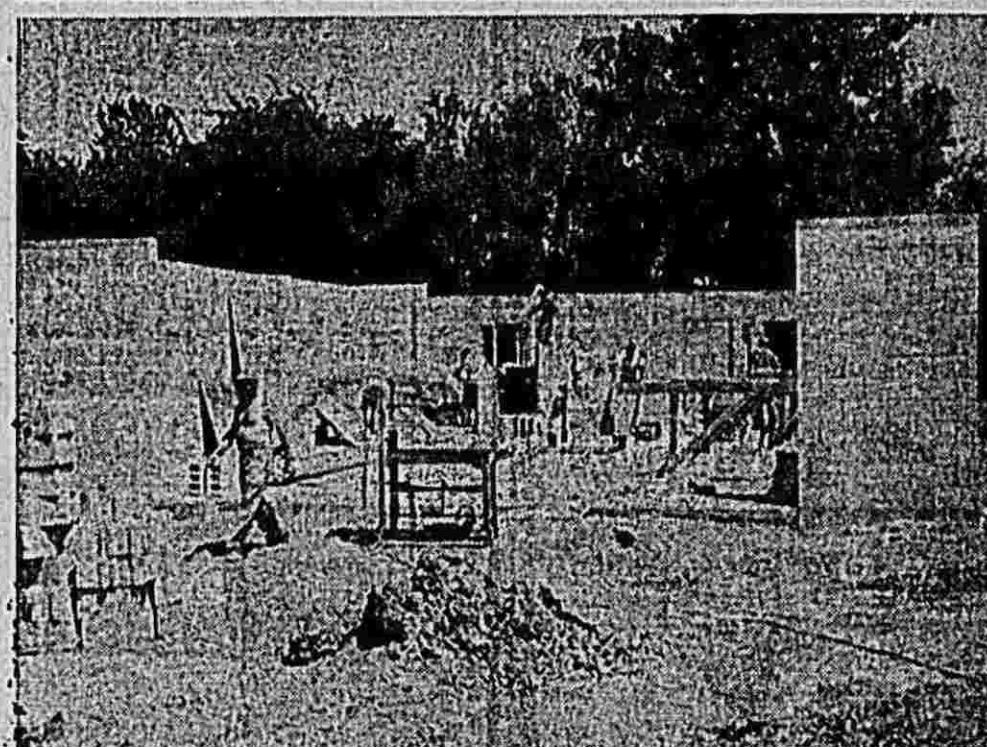

Four Bunnies—Pete Zalatoris, Dennis Beattie, Pat Dressel, Peg Cardiff.

Other leagues got off to a good start this week. The management of the lanes said there are a number of alleys available for open bowling.

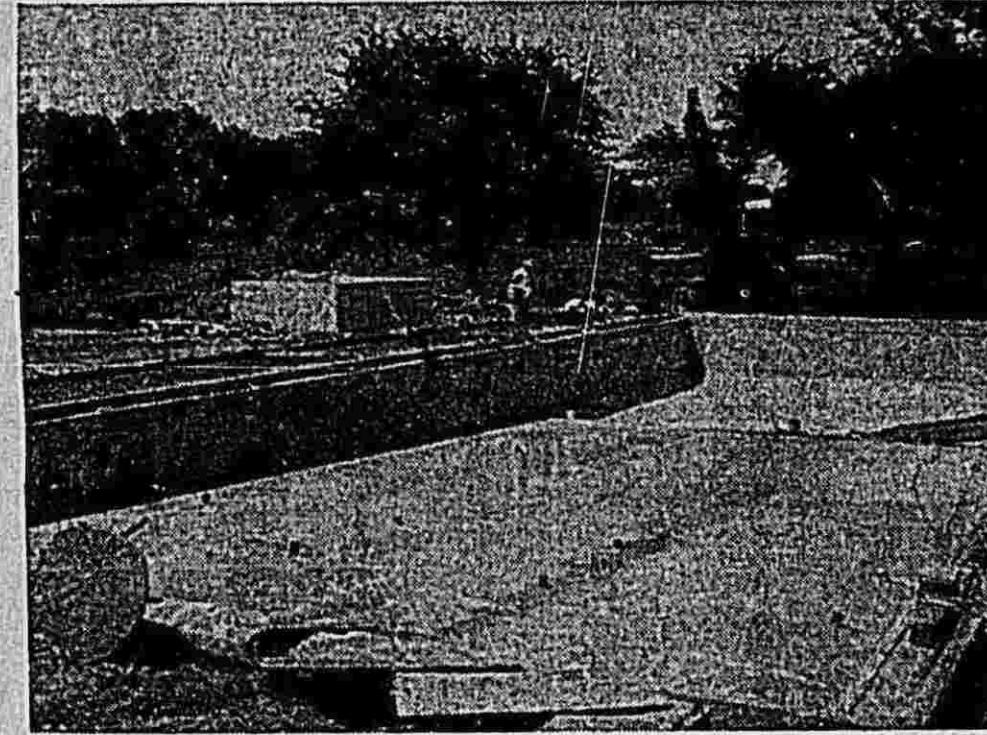

Be as careful when using a 4-foot step ladder as you would a 30-foot extension ladder. The Institute for Safer Living advises that there are many more ladder falls from heights of ten feet or less than from heights above ten feet. Reason: less care is used when working nearer ground level; this is mistaken security. While falls from lesser heights may be less likely to be fatal, they can still produce broken limbs or permanent crippling injuries.

Flag Raising Closes A.T.H.S. Year

Raising of the flag at the conclusion of Honors Day at the Antioch Township High School signifies the close of the school year. Here officiating, left to right, are Gene Prange, assistant; Francis Dorner, senior president elect; and Charles Behrendt, graduating senior president.

Antioch Aqua Center Nears Completion

Walls of the bathhouse of Antioch's new Aqua Center are rising and in a few weeks it will be ready for use, according to the Lions Community Service Corp., which is supervising construction. All indications are that the swimming pool and equipment will be ready for use July 1.

The pool at the Aqua Center in Williams Park, Antioch, has been constructed and workmen are now pouring concrete for the apron. When completed, the pool will be one of the nicest in the area. Season tickets soon will be put on sale.

Two Young Men.....

(Continued from page 1)

peel off a utility pole carrying high tension wires.

Three of the young men got out of the car on the left side and escaped injury, but Ramage got out on the right side and the live wire struck him across the chest, sending a powerful charge through his body, burning off his toe.

The Antioch Rescue squad administered four cylinders of oxygen in an effort to save him. The body was taken to Great Lakes and then to Texas for burial.

The other passengers in the car were Richard Burris, 22, driver of the car; Jerry H. Simmons, 23; and Duane Osness, 19, all sailors.

Ramage, a service man for five years, was killed within a mile of where Lonnie M. Crawford lost his life the day before.

Proper care of ladders used around the home is vital to family safety. Here are four important rules supplied by the Institute for Safer Living:

(1) Safety check your ladder before each use. Look for splits, splinters, dry rot, or loose or cracked rungs which will require repair.

(3) Coat or treat wood ladders with a transparent coating or other preservative. It is unwise to paint a ladder because paint may hide defects.

(3) Clean ladder after each use. Remove paint or oil splotches.

(4) Store extension or straight ladders horizontally on firm supports.

Just how safe is a ladder? The Institute for Safer Living says that a ladder is as safe as it is strong; as safe as the care it receives; as safe as it is suited to the purpose for which it is intended; and as safe as the worker who uses it. A safe ladder is designed and manufactured to the specifications of the A. S. A. Ladder Code.

Mrs. W. W. Warriner of Peoria, spent several days this week visiting Mrs. B. R. Burke and other friends in Antioch.

14 Attend Class in Advertising Science

Fourteen business men were present at the class in advertising conducted at the Antioch Township High School last Thursday evening under the sponsorship of the Antioch Chamber of Commerce.

J. J. Cullen of Swift and company discussed the techniques and psychology of premium and direct mail advertising.

Everyone present gained much practical knowledge from his fine lecture.

Members of the class were privileged to ask questions regarding the subjects at the close of the lecture.

MRS. A. HAWKINS**CRITICALLY ILL**

Mrs. Arthur Hawkins was taken by the Antioch Rescue squad to Victory Memorial hospital Tuesday. She remains in a critical condition, with a slight improvement today.

How far should a straight or extension ladder be placed away from the wall? The Institute for Safer Living says to develop its greatest strength without danger of falling, a ladder should be stood so that the distance of its foot from the wall against which it leans is one-fourth of its height.

Millburn

Mrs. Frank Edwards, Correspondent
Phone Eliot 6-3323

Children's Day services at Millburn Congregational church June 10 will be at the 9:30 a.m. service, and the second regular service at 11.

The monthly meeting of the Ladies' Aid will be held in the church parlor Thursday afternoon at 3 p.m. Mrs. A. Weindorf is in charge of Devotions and Mrs. Lyman Thain, program. A movie will be shown. The June committee, Mrs. Eric Anderson, chairman, Mrs. K. Denman, Mrs. Frank DeYoung, Mrs. Tom Harness, Mrs. L. H. Messersmith, Mrs. John Thain and Miss Ruth Mintz will serve a cafeteria supper at 5 o'clock. Everyone is welcome.

The Devotional Study group will meet Thursday, June 14 at 9 a.m. to 11 a.m. at the home of Mrs. William Bonner.

Bible School of Millburn church will begin Monday morning, June 11 at 9 a.m. A two week session Monday through Friday of each week.

Miss Norene Keas of Waukegan and Glendon Chasers of Crooksville, Ohio, were united in marriage by the Rev. Mr. L. H. Messersmith at the parsonage Saturday. Attendants were Mr. and Mrs. Harold Sharp of Waukegan.

Mr. and Mrs. John Edwards and family and Marian Edwards of Libertyville spent Sunday evening at the Frank Edwards home.

Memorial Day services were held at the Millburn cemetery Wednesday afternoon. M. and Mrs. Howard Bonner were in charge of the program. Mr. and Mrs. Lyman Thain will have charge of the services next Memorial Day.

Mrs. Robert Erwin of Waukegan called at the Frank Edwards home Friday.

Mr. and Mrs. Harold Yukel of Oak Lawn were dinner guests of Mr. and Mrs. Joseph Strohal Saturday.

Mr. and Mrs. Charles Lucas were supper guests at the home of Mr. and Mrs. Robert Nelson of Round Lake Sunday evening.

Col. and Mrs. John Kaluf of Washington, D.C., spent several days at the Frank Edwards home.

Mr. and Mrs. Don Voightlander and son Mikie of Kenosha were Sunday dinner guests at the Herbert Graham home.

Mrs. Clifford Weber and children of Winthrop Harbor spent Sunday afternoon with her parents, Mr. and Mrs. Frank Hauser.

Mr. and Mrs. J. Kaluf and Mr. and Mrs. Frank Edwards were dinner guests at the home of Miss Marian Edwards of Libertyville Tuesday evening.

Mrs. Harley Clark with Mr. and Mrs. Earl Turnpaugh and daughter Ruth of Kansaville, Wis., spent the weekend with relatives at Williamsport, Ind.

Miss Joyce Moore of Spooner, Wis., is spending some time with her sister, Mrs. Herbert Graham.

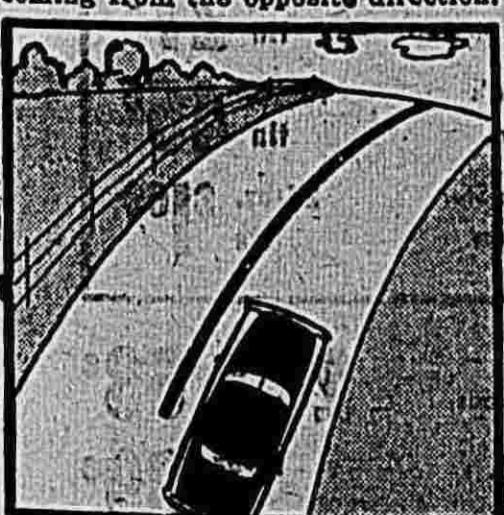

Mr. and Mrs. Orville Hairrell, Sr., of Waukegan, were Sunday guests at the Elmer Hauser home.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

With heavy summer driving ahead of us, this might be a good time to review road markings governing the passing of other vehicles on the highway.

Illinois' highways for two lanes of traffic moving in opposite directions are divided in the middle by a center-line stripe. On concrete pavement a black line is used, while a white-dash line is used on darker surfaces. This center line should never be crossed unless passing a vehicle traveling in the same direction or when making a left turn—making sure beforehand that there is a safe distance between your vehicle and any vehicle coming from the opposite direction.

On hills, curves, and at other hazardous locations, a single yellow line or stripe is used to indicate no-passing-zones. It is illegal to pass another vehicle when the yellow line is on YOUR side of the highway. (This also applies to crossing yellow lines on highways of three lanes of traffic.) (Section 58b Uniform Act Regulating Traffic.)

Double yellow lines are used to divide a four lane highway. It is illegal for a motorist to cross the double yellow lines. (Section 58a Uniform Act Regulating Traffic.)

A copy of the completely new "Rules of the Road" booklet will be sent to those who request it. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

Big League Batters

Opera star Helen Traubel samples a nut-filled sweet roll which won for Mrs. Henry Jorgensen, of Portland, a check for \$25,000. Mrs. Philip W. Pillsbury, wife of the chairman of the board, holds the winning entry.

"Ring-A-Lings," a no-knead sweet roll made with a twist of the wrist, ran circles around other entries in Pillsbury's Seventh Grand National Recipe & Baking Contest to ring the \$25,000 bell for an Oregon homemaker.

Mrs. Henry Jorgensen, Portland, won the title "Cook of the Year for 1955" with a nut-filled roll featuring a simple way to fill, cut, twist and curl the dough so that the full flavor is tucked into every bite. Food experts who judged the contest said it demonstrates a simple way for the average housewife to produce a sweet roll with a professional look.

Mrs. Jorgensen received her award at the climactic ceremonies of the milling company's traditional Christmastime contest from opera star, Helen Traubel, on December 13 at the Waldorf-Astoria Hotel.

\$25,000 Ring-A-Lings

2 cakes compressed yeast
1/4 cup lukewarm water or
2 packages dry yeast and
1/4 cup very warm, not hot,
water
1/4 cup butter or margarine
1/4 cup hot scalded milk
1/4 cup sugar

Soften yeast in water. Combine butter and milk in large bowl; stir until butter melts. Cool to lukewarm. Add sugar, salt, orange rind, eggs, and yeast mixture.

Gradually add flour to form a stiff dough; mix thoroughly. Cover; let stand 30 minutes.

Roll out to 22 x 12-inch rectangle on floured board. Spread half of dough along 22-inch side with Nut Filling. Fold uncovered dough over filling. Cut into 1-inch strips (crosswise). Twist each strip 4 or 5 times. Hold one end down on baking sheet, curl around in a spiral, tucking end underneath. Cover with waxed paper or towel.

Let rise in warm place (85° to 90°F.) until doubled in size, 45 to 60 minutes.

Bake at 375°F. for 15 minutes until light golden brown. Meanwhile, prepare glaze of orange juice and sugar. Brush tops of rolls; bake 5 minutes longer until deep golden brown. Remove from baking sheet immediately. Makes 1 1/2 to 2 dozen rolls.

Nut Filling

1/2 cup butter or margarine
1 cup sifted confectioners' sugar
Cream butter or margarine; blend in sugar thoroughly. Add nuts.

PUBLIC NOTICE

Addition to
Emmons Community Consolidated School District No. 33
Beach Grove Road, Antioch,
Ekstrand, Schad & West, Architects,
1334 Grand Avenue, Waukegan,
Illinois

May 10, 1956

ADVERTISEMENT FOR BIDS
Sealed Bids, in duplicate, will be received by the Board of Directors, School District No. 33, Lake County, Illinois for the construction of an addition to the Emmons Community Consolidated School at the office of the Superintendent, on or before 8:00 P.M., C.D.T.S. on the 18th day of June, 1956, at which time all Bids will be publicly opened and read aloud.

Copies of documents, including plans and specifications, are on file at the offices of the School Superintendent or at the office of Ekstrand, Shad & West, Architects, 1334 Grand Avenue, Waukegan, Illinois, or the T. W. Dodge Corporation, Merchandise Mart Building, Chicago, Illinois.

On or about May 28, 1956, contract documents, including drawings and specifications, may be obtained by prospective bidders from the office of Ekstrand, Shad & West, Architects, 1334 Grand Avenue, Waukegan, Illinois, upon a deposit of \$35.00 for each set.

Bidders, upon returning sets in good condition within ten (10) days after date of bid opening, will be refunded \$35.00 for each of two sets and \$25.00 for each additional set.

In general, the work consists of a one-story addition with basement, containing three typical class rooms, toilet rooms, etc., as indicated on the Architect's drawings.

Lump Sum Bids may be submitted on one or more of the following Contractor Divisions of the work:

1. General Construction
2. Electrical Work
3. Plumbing Work
4. Heating Work
5. Septic System

Each bid must be accompanied by a certified check or bid bond in the amount of ten (10%) per cent of the bid price. Bid security of the unsuccessful bidders will be promptly returned upon the rejection of proposals. The security of the successful bidders will be returned only after execution of contract and the furnishing of required bonds and insurance. Certified checks or bid bonds shall be made payable to the order of the Board of Education, School District No. 33, Antioch, Illinois.

Any bidder may withdraw his bid at any time prior to the scheduled time for the receipt of bids. Bidders may not withdraw bids for a period of sixty (60) days after date of opening bids.

The right is reserved to reject any or all bids, and to waive all formality in connection therewith, and/or to accept such bid or bids as, in the opinion of the Board of Education, will be to the best interest of School District No. 33.

youth, beauty,**Chevrolet,****action!**

The new Bel Air Convertible—one of 20 sassy-styled new Chevrolets.

Want to take the wheel of one of America's few great road cars? Want to send pleasant little tingles up and down your spine? Then hustle on in and try out a new Chevrolet V8!

Now showing—the happiest "double feature" of the year! One part is bold, new Motorama styling. The other is record-breaking V8 action. Hollywood has a heap of words that describe it: colossal, stupendous, magnificent. We'll settle for just the name—Chevrolet.

Because once you've driven this sweet-handling showboat, the ad-

jjectives will take care of themselves. Horsepower that ranges up to 225 makes hills flatter and saves precious seconds for safer passing. And the way this Chevrolet wheels around tight turns would gladden the heart of a dyed-in-the-wool sports car fan.

Stop in sometime soon and high-way-test this new Chevrolet.

CHEVROLET

America's largest selling car—2 million more owners than any other make.

Family Picnic

From tots to teens, Mom and Gramp, EVERYONE in the family is delighted with the prospect of a picnic. There's a treat for all on the menu, too.

It consists of ample hamburgers to be broiled over charcoal, with tomatoes, onions and catsup for the buns. Canned pork and beans or baked beans are hard to beat on an outside feast. Take them in the 8 ounce cans, open first, then heat, and serve in the cans. Add olives, cookies and lots of vitamin-rich fruit punch.

Picnic Punch Special

1 can (12 oz.) loganberry nectar 1 can (1 pt. 2 fl. oz.) pineapple juice

Chill juices thoroughly; combine and put into a thermos bottle. Or, put cans of the juices in ice cooler and mix as needed. Makes 4 cups.

Note: Instead of pineapple juice, use orange-grapefruit juice blend, or cranberry juice cocktail, if you wish.

Mrs. Wm. Thompson, Correspondent
Tel. 583W2

Hickory School held its picnic at Fox River Grove on Monday, June 4. School closed on June 5.

Mrs. Sam Hernquist left by train on Thursday evening for a visit with relatives at St. Louis and Salem, Missouri.

Mrs. Annie Oberst of Chicago spent the week end at the home of her sister, Mrs. William Richards.

Decoration day callers at the William Richards home were Mr. and Mrs. John Rausch of Wilmot, Wis., Mr. and Mrs. Lee Leake from River Grove, Ill., and Mrs. Robert Gustafson from Ontario, Canada.

Mrs. Eva Alling of Waukegan was a Thursday evening caller at the Bert Edwards home.

Mr. and Mrs. Nels Gonye of State Line Road were Friday evening callers at Wm. Richards' home.

Mr. and Mrs. Harold Butler and their daughters of Waukegan were Sunday afternoon and supper guests at the Curtis Wells home.

Mr. and Mrs. Ward Edwards and two sons of Rockford spent Wednesday at the Bert Edwards home.

Sunday afternoon callers at the Wm. Richards home were Mr. and Mrs. Frank Wishler of Chicago.

Sunday evening callers were Mr. and Mrs. Pete Schaefer of Chicago.

Wednesday evening callers were Mr. and Mrs. Vigo Schaefer and family of Kenosha.

Mrs. Emmet W. King visited the G. A. Lange family at Hebron on Monday, June 4th.

Lt. and Mrs. Russell Hunter and family of Great Lakes and their guests Mr. and Mrs. James Biggs of Corona, California, the Will Gerber family of Antioch and Mr. and Mrs. Wilbur Hunter enjoyed a picnic dinner at the Eddie Van Patten home on Decoration Day.

Raymond Wells and daughter Cheryl of Waukegan were Sunday morning callers at Curtis Wells' home. Mrs. Emil Hallwas and sons of Antioch were Sunday afternoon callers.

Mr. and Mrs. Oscar Hagen of Antioch visited Mr. and Mrs. Wm. Richards Saturday evening.

Mr. and Mrs. Oscar Finkel and son Gordon and Miss Floyd Dixon of Gurnee drove to Crawfordsville, Indiana, on Saturday. They attended the Baccalaureate Services Sunday morning and the Graduation on Sunday afternoon at the Wabash College. Their son, Wayne, was a graduate. He has accepted a position with the Burroughs Office Equipment Co. at Indianapolis, Indiana.

Large Motor Boats Must Be Numbered By U.S. Coast Guard

Cleveland, June 1—All inboard motorboats, regardless of their size, and outboards exceeding 16 feet in length, MUST be numbered by the U. S. Coast Guard.

The only exception to this law are public vessels, motor lifeboats carried as lifesaving equipment on inspected vessels; and other vessels documented by the U. S. Customs Department.

The Numbering Act is for the purpose of identification only, and is not a license, or permit, for any such boat to engage in trade.

To obtain a Certificate of Award of Number, the boat owner may contact either the Coast Guard District Commander in Cleveland, or any office of Marine Inspection, located in all major cities along the Great Lakes.

Once a number has been issued to the boat owner, he MUST display that number upon both bows of his boat, in letters at least three inches high and in contrasting colors to the background.

Failure to comply with the Numbering Act is punishable by a fine and cause undue delay. Don't be caught short this summer, if you buy a motorboat...register it with the U. S. Coast Guard.

Graduate Nurses Needed at Hines

Seventy-five graduate nurses are needed immediately at the Hines, Ill., Veterans Administration hospital. The Hines hospital provides care for 2,200 disabled veterans, including blinded and paralysed.

VA officials hope that recent salary raises will encourage graduate nurses not now active in the nursing field to resume their careers.

Under the increased salary rates for VA nurses, the minimum entrance salary for a graduate nurse in Junior Grade is \$336 per month. This is available to nurses immediately upon their graduation from an approved school of nursing. Nurses who have had more experience may be employed at a higher salary.

The Veterans Administration has liberal personnel policies, including a 5-day, 40-hour work-week, 30 days vacation, 15 days sick leave, and 8 paid holidays annually. Low cost housing is available. A uniform allowance is paid in addition to salary, and the laundering of uniforms is free. Low-cost government life insurance and a retirement program are available.

Additional information may be secured from the Chief Nurse of the Hines, Ill., VA hospital, or the Chief Nurse at your local Veterans Administration hospital.

The American Red Cross last year issued over 1,000,000 certificates to persons who successfully completed its water safety courses, and nearly 700,000 certificates to those who completed the Red Cross First Aid training course.

Pastel Plastics Lighten Housework

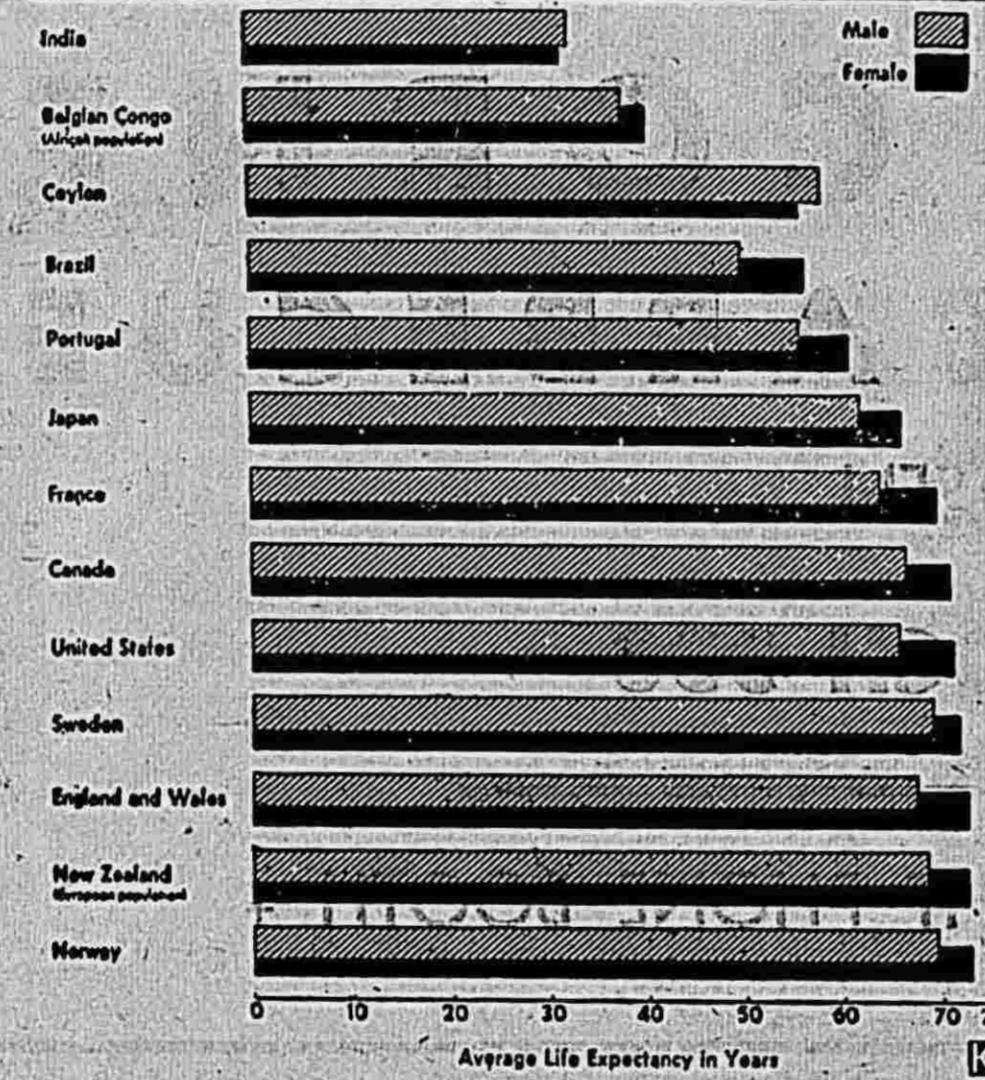

This spring's plastic housewares are bigger and prettier to be used like accessories for fresh decorating schemes. This spring homemaker will find her pet pastels in waste baskets of Lustrex styrene plastic, handsome enough to serve as planters. Even the step-on garbage can, right, takes on glamour when made of turquoise polyethylene plastic, including the removable garbage pail.

Star billing this season goes to new king-sized housewares made of sturdy styrene and polyethylene plastics in pastels which invite decorating magic. The new color trend includes light shades of yellow, blue, green, turquoise, and pink which still has strong fashion importance.

Useful and pretty articles the homemaker can look for include a 44-quart yellow trash container, complete with tight-fitting black cover; a lightweight laundry basket in turquoise; a beige, rectangular, pall designed for easier carrying; a pink pouring pail with graduated molded inside for accurate measurements.

For those who prefer matching there are complete lines of pastel-colored styrene housewares that feature a cannister set, cake server, breadbox, waste basket and a step-on garbage container. Thanks to manufacturers housework will be as pleasant as possible.

U. S. Leads in Life Expectancy Says Health Information Foundation

The United States leads all other nations with a population as large and diverse as ours in high life expectancy at birth.

Children born in the United States today can expect to live an average of nearly 70 years, the Foundation reports in its monthly bulletin. This represents a striking increase of almost 50 percent over the average life span of 47 years that prevailed at the turn of the century.

This addition of 23 years to the life expectancy of Americans can be traced to the marked progress in controlling infant mortality and deaths from communicable diseases, although in recent decades impressive strides have been made in reducing deaths from causes primarily associated with the middle and older ages. Advances in medical science and new drugs, plus the improved practice of sanitation, nutrition and preventive medicine also share credit for these advances.

Because of their more homogeneous population and relatively uniform standards of living, such countries as Sweden, Norway, New Zealand and England have slightly higher life expectancies than the United States. Among countries with populations spread over wide land areas and made up of many diverse sub-groups with various economic and educational levels and vastly different behavioral patterns, however, the United States is the unquestioned leader in life expectancy.

There are more people than ever these days playing golf and public golf courses in particular are crowded. Keep the following in mind when enjoying this game:

- Before swinging be sure no one else is nearby, could get hit by the club head.
- On blind holes where you can't see all of the fairway, and green from the tee, be sure players up ahead are well out in front, could not be hit by your drive.
- Yell "FORE" as a warning whenever a poorly directed

© AMERICAN MUTUAL LIFE INSURANCE COMPANY

**OUT ON A LIMB**

By Stumpy McCulloch

Ol' Samuel and his missus was just sittin' down to dinner the other night, when a load of hay overturned in front of their house.

"Don't worry about it, sonny," Samuel told the unfortunate boy. "Come inside and have some vitties. There'll be plenty of time to fix up your haystack after a good meal."

"Well, all right," the little feller said, "but I don't think my Pop will like it."

"Nonsense," Samuel said. "By the way, where is your father?"

"He's under the hay!" the boy said.

Everybody who loves trees is mighty pleased that so many forests in our country are now being operated on a "sustained yield" policy. That means your forest grows as much wood each year as you cut. I know of one forest in Oregon where they cut enough wood every day to build a thousand houses. But every day, the rest of the forest grows enough wood to replace what's been cut!

Same thing's happenin' elsewhere. Fifty years ago, one-third of New Hampshire was covered with forests. Today, two-thirds are covered! There was a time when thousands of acres of forestlands in the Great Lakes area were left bare by the lumbermen; today, second growth of timber has covered much of that land, and wise foresters are makin' sure that the land will never be laid waste again. Nobody should talk about "our vanishing forests" any more—cause we're beginnin' to show they ain't vanishing!

Out our way, more and more fellers are going into tree farming. A wood lot doesn't require much attention, but every day it grows in value. It's just like a bank account—you can draw on it any time, but while it's there, it keeps earnin' interest!

Down at the First National Bank the other day, Banker Philbrook said to the new teller, "What do you mean by telling me you had seven years' experience in a bank, when you never even had a job before?"

"Well, sir," the new man said, "I thought you said you was lookin' for a young feller with imagination!"

So long. See you soon!

WHO PAYS?

"GIMMICKS, GIVE AWAYS, FREE TRIPS, NOTHING DOWN AND PROMISES TO BEAT ANY DEAL," WE ASK YOU WHO PAYS FOR THEM?

Buying a car is a serious investment... be sure you aren't tricked into a deal which is false economy. True, one of the joys of earning a living is spending the fruits of your labor where and when you please. For the most part there are no strings attached to the income at your disposal. Only common sense governs expenditures.

It's truly unfortunate, but soon people from Antioch will have fallen prey to the "city boys" glib offers of gigantic savings, longer than healthy terms, and other gimmicks. In the final showdown most have learned to their dismay that they actually LOST MONEY on their "treasured" deal.

DON'T BE MISLED — every auto dealer must pay the manufacturer the same price for each unit he sells and each dealer must take a profit to stay in business... someone has to pay for the gimmicks and the high cost of advertising those "tremendous" deals... through the sub-standard products and service that must go hand in hand with such tactics... IS IT YOU?

Your Antioch dealers are in business today — and will be in the years ahead — because, they offer the best automotive quality available and stand solidly behind the cars they sell. The competition between us is keen — but CLEAN!

If one can't sell you we hope the other can because we all know that it's good for you and for our community.

Your Antioch Automobile Dealers have a BIG investment in their shops, equipment, tools and parts to be used for your constant and efficient service.

The taxes they pay — on business and home — play a very important part in keeping your taxes equitable.

HEALTH TALK

Hot Weather Hints
With the advent of hot weather, physical discomfort looms high on the summer horizon. Much of this can be alleviated if attention is paid to a few precautions, the Educational Committee of the Illinois State Medical Society admonishes in **HEALTH TALK**.

In their zeal to enjoy outdoor attractions, many persons forget the hazards of summer. If done injudiciously, exposure to the sun's rays for a limited period causes a sunburn that will bring hours of discomfort. Excursions, automobile trips, golf, tennis, swimming, and just sitting in the sun are all activities that should be indulged in gradually, allowing one's skin or muscles to become "seasoned."

Hot weather primarily affects the skin in three ways: there is an increase in the burning rays of the sun; the temperature promotes excessive perspiration, and if there is a simultaneous increase in humidity evaporation of the perspiration is impeded.

How much sun any of us can tolerate is determined primarily by the amount of pigment in the skin. The red and blonde types are particularly deficient and should use protective lotions or creams.

Excessive perspiration, particularly when it is not able to evaporate freely, can produce various local irritant effects on the skin, the best known of which is prickly heat. And, indirectly, excessive perspiration favors the development of fungus infections, such as ringworm, commonly called "athlete's foot".

Perspiration, which emerges from the pores of the skin, is activated by the cooling control unit of the brain. Thus, people who perspire profusely in hot and humid weather are really more comfortable than those who perspire little or not at all.

In hot and humid weather, clothes should be worn to assist in the evaporation of perspiration, but they should be of light weight material and loose-fitting.

Attention should be paid to the type of food eaten. Heavy meals should be avoided, as should fried foods. Emphasis should be placed on fruits, vegetables and salads. Ordinarily, the salt lost through perspiration is replaced by the normal seasoning of food. Salt tablets should not supplement the normal intake unless recommended by your physician. This is true particularly of persons with some types of heart affliction.

Because the skin accumulates dirt more rapidly in summer than in winter, frequent bathing is advisable. Not only will this keep you more comfortable, but also helps to keep you free of body odors.

There is nothing you can do about the weather, but adherence to a few of these common sense hints on health will keep you more comfortable physically. Mentally, watch your disposition. Your body heat rises if your temper flares. Keep your mental outlook tranquil. A serene attitude will have a cooling effect on you and those about you.

Enjoy your summer and its outdoor activities, but remember that you'll need moderation and a little common sense to keep you well and happy.

Tips on Traffic Safety

By
CHARLES F. CARPENTIER
Secretary of State

School is out and that means more time for play for the children. It also means that motorists must increase their alertness for the children. The younger ones have little time to think of the perils of running out into a street and the responsibility for their safety is placed upon the motorists.

Most motorists are aware of the danger of a child shooting out in front of a vehicle in the area of a playground. Whatever caution a motorist exerts in these areas must also be exerted in all residential sections during the entire day.

Many conscientious parents make a point of teaching their youngsters the correct procedures for crossing streets. They are told about the red, green and amber lights. And they are told never to cross a street or highway except at an intersection. Such training is indeed to be complimented. However, such teachings do not relieve the motorists of their obligation to be ever on the alert for children.

A copy of the completely new "Rules of the Road" booklet will be sent to you free upon request. Write to CHARLES F. CARPENTIER, Secretary of State, Springfield, Illinois.

**This WEEK'S U of I MARKET BUY**

Continuing high food consumption for meat products, plus normal seasonal situations, drive meat and pork prices up an additional 3 to 5%. Vegetable prices are up, too, because of wholesale but are matched by higher replacement costs for flour, canned citrus juices and frozen products. Dairy products improve with possible but again due to rising milk production drops off. Basic fresh vegetables drop slightly. Fries increase in volume.

A Summer Snack

That favorite twosome—frankfurter on a roll and a cold bottled soft drink—is once more in popular demand. Not that it isn't a year-round delight but, once "play ball" is sounded, it has top billing. Happily, this combination is equally popular served on a summer night at the picnic spot, or for a quick Saturday lunch. Bottled soft drinks in their see-in glass containers are clean, pure, and refreshing. For a quick cooler, put a few spoonfuls of crushed or finely chopped fresh fruits and a couple of ice cubes in a tall glass. Fill it up with a bottled soft drink; garnish with a fruit slice and enjoy a cool, satisfying summer drink at any time. Serve it with a frankfurter for a snack or a quick lunch.

Frankfurter Swirls

8 frankfurter rolls 4 slices processed American cheese
2 tablespoons prepared mustard 8 frankfurters
3 tablespoons butter or margarine

Start oven 400°F. Split the rolls lengthwise. Spread one side of split roll with butter and the other with mustard. Cut cheese slices in half and each half into 6 pieces. Make 3 diagonal slits in frankfurter, not quite through to bottom. Insert two pieces of cheese in each slit. Place frankfurters in buns. Wrap each frankfurter and bun loosely but securely in aluminum foil. Place on baking sheet and bake for 20 minutes.

Yields 8 servings.

THE THRILL THAT COMES once in a lifetime is that time when the hunter shoots his first deer of the season. This beautiful doe was brought down at Neenah, Wisconsin by a well-aimed arrow shot from a Ply-Flex fiber glass bow with a 50-lb. pull. Since the bow is made from moisture-proof fiber glass there can be no warping of unseasoned wood. With no parts to vibrate or wear, the tension of the Ply-Flex bow is always uniform. America's fastest growing sport is acquiring hosts of new fans every day, with the development of these modern weapons. And even the novices become William Tell very quickly because of their accurate Ply-Flex bows. One word of warning to bowmen—forest fires are death to both game and hunters... help prevent them.

All its "big talk"

is under the hood!

"Drive Cool this Summer! An Air-conditioned Ford gives you the climate you want at less cost than many Medium Priced cars. TRY ONE TODAY!"

With up to 225 h.p. available

RIGHT NOW, Ford makes them all take a back seat for performance!

You can chalk up Ford victories in recent performance tests to Ford's long-time leadership in power. And Ford's still the V-8 champ!

The 225-h.p. Thunderbird Special V-8 is the biggest, boaviest engine in the low-price field and that means it's "built-to-order" for you. You have better take-off in traffic, the hills look lower and your Ford gets around quicker and easier with its greater passing reserve.

There's excitement in Ford's looks, too, because

Ford takes after the Thunderbird, America's top-selling "personal" car. And, in '56 Ford you and your passengers are protected by Ford's exclusive Lifeguard Design.

With feature after feature and part after part built for a long, youthful life, Ford is more than ever worth more . . . whether you're buying or selling. Come in and let us show you exactly why!

Test Drive the Daytona Beach performance champ!

BRING YOUR FORD BACK HOME FOR SERVICE

BY BERNARD GEIS

A group of Army engineers, having just completed an extensive survey of Northwest dam sites, has expressed profound respect for the natural engineering aptitude of the beaver. In nearly every instance, the best possible site arrived at by the trained engineers turned out to be a place where beavers already built a dam.

Scientists at the New York Botanical Gardens, have been unable to locate a flower in a shade darker than purple. The explanation is that a black flower would not reproduce itself, since the insects carrying the pollen that fertilizes flowers are attracted by color—the brighter the better.

Anyone who sprays insecticide on a bug, and then stands back expecting the critter to plop to the ground dead, just doesn't know how the stuff works, according to the Home Insect Control Bureau. Insecticides, they point out, kill insects by destroying natural body functions, and that may take anywhere from several seconds to several hours, depending both on the type of insect and the insecticide.

Since 1939, the Red Cross has provided \$225,000,000 in financial aid to servicemen, veterans, and their families.

Summer Tips For Poultrymen

Broilers, replacement pullets and layers easily adjust to cool temperatures but hot weather presents a problem.

In summer an abundance of fresh, cool water helps keep hens in production and young birds growing. One hundred 8-week-old birds need at least 8 feet of drinking space and 100 layers need 7 gallons of water per day, and more when temperatures are high.

Arrange waterers so that confined birds travel not more than ten feet to the supply. Place range water pipes in sunrays and cover with earth and place shades over waterers to keep the water cool. Water is the most important yet the least expensive item in poultry production.

Ventilation and insulation are key factors in beating the heat. Aluminum roofs and roofs painted white reflect the sun's rays. Open houses to provide plenty of ventilation and check it several times daily. Deep litter prevents the birds from coming in contact with cool floors and removal of part of the litter will be helpful.

To prevent wasted feed, fill hoppers not more than one-third full and keep them level with the backs of the birds. The hanging-type, round, tubular feeders allow the poultryman to feed once daily. Feeders are easily filled from fifty-pound multi-wall paper feed sacks which do not break over, and the feed empties out easily and completely from paper. There's no wasted feed. In addition the paper is rain repellent, an advantage when filling hoppers or spreading feed on range directly from a moving truck or trailer.

Another labor-saver is a raised platform for feeds. By building the platform near the automatic feed hopper or pen entrance, the fifty-pound sacks of feed are easily emptied directly into the hoppers or feeders. The raised platform permits cats to patrol the feed room, eliminating possible damage by rats and mice.

Bare ground reflects heat more than grass-covered soil. Move range shelters frequently to encourage good use of pasture, to get birds away from possible contamination, and to keep them cool. Good range reduces the cost of raising pullets. Frequent clipping of the range stimulates growth of forage high in vitamins and minerals.

4-H Keeping Fit

Field Day June 19

The annual Keeping Fit Field Day for all 4-H Club members enrolled in agricultural projects will be held at the Grayslake High School grounds Tuesday, June 19, from 9 a.m. until 3:00 p.m., according to Ray T. Nicholas. The purpose of the Keeping Fit Field Day is to afford 4-H Club members an opportunity to measure their physical fitness and to learn how to develop a sound and sturdy body.

Two specialists from the University of Illinois will check 4-H Club members on their growth and body type; their heat breathing capacity and endurance, and their flexibility, agility, strength, and endurance.

At the conclusion of the program in the afternoon, the specialists will demonstrate tumbling techniques and assist 4-H members in putting on tumbling acts.

All agricultural 4-H Club members and parents are invited to attend.

Soil Tests up in Lake County
The Extension Soil Testing Laboratory in Lake County tested some 5000 acres of farmland, or about 1400 soil samples, during 1955, according to Farm Adviser Ray T. Nicholas.

In the entire state, the extension soil laboratories tested 1,317,600 acres of farm land, or about 353,000 soil samples, during the year. In addition, 50 commercial soil testing laboratories tested 410,758 acres of land tested for acidity, phosphorus and potassium.

During 1954, 1,685,222 acres were tested in Illinois by both county Extension and commercial laboratories out of some 25,000,000 crop and arable pasture acres in the state.

In Lake County, 4,000 acres were tested in 1954, out of 138,000 acres of crop and pasture land.

These figures show that testing needs to be stepped up if we are to retest all of the acreage once in every five or six years, as we need to do.

Livestock Judging Guide Available
"Every time a stockman buys or sells an animal, he judges—or mis-judges—livestock. The successful stockman, therefore, is a keen judge."

These are the first words you'll find when you begin reading "Judging Livestock," a new University of Illinois College of Agriculture circular available in Lake County Farm Adviser Nicholas' office.

This easy-to-read 48-page circular should be valuable to the beginner, and veteran stockman alike, Nicholas says.

Included are pictures of animals typical for their breed, judging forms, information on judging contests and terms used in describing livestock.

This circular, No. 752, is a revision of Circular 579. The revision are intended to present more information about breeds and to bring discussion of livestock, especially hogs, in line with current judging trends.

**Baptist Bible Church
Of Round Lake Plans
Vacation Bible School**

Beginning, June 11 thru June 22 the Baptist Bible Church of Round Lake Beach will be conducting Vacation Bible School at the church, Cedar Lake Rd. and Highland Terrace. The sessions will start at 9:00 a.m. and close at 11:30 a.m. There will be classes for all ages. An interesting program is scheduled, including songs, stories and handwork. Your child need not be a member of the Sunday School to attend, all are welcomed.

This Friday evening at 7:30 p.m. the teen-agers will hold their regular recreation get-together and weather permitting they will have a weiner roast. Also on Fri. but in the morning at 11:30 a.m. the Ladies Missionary Society will meet at the church for their usual work day. The ladies are requested to bring their own sandwiches, coffee and dessert will be furnished.

Two beautiful pure silk flags, American and Christian, were donated to the church by Mr. Harry Blair of Chicago and Lake Villa. The standards are 8 feet tall. Our grateful appreciation and heartfelt thanks to Mr. Blair for another of his wonderful donations.

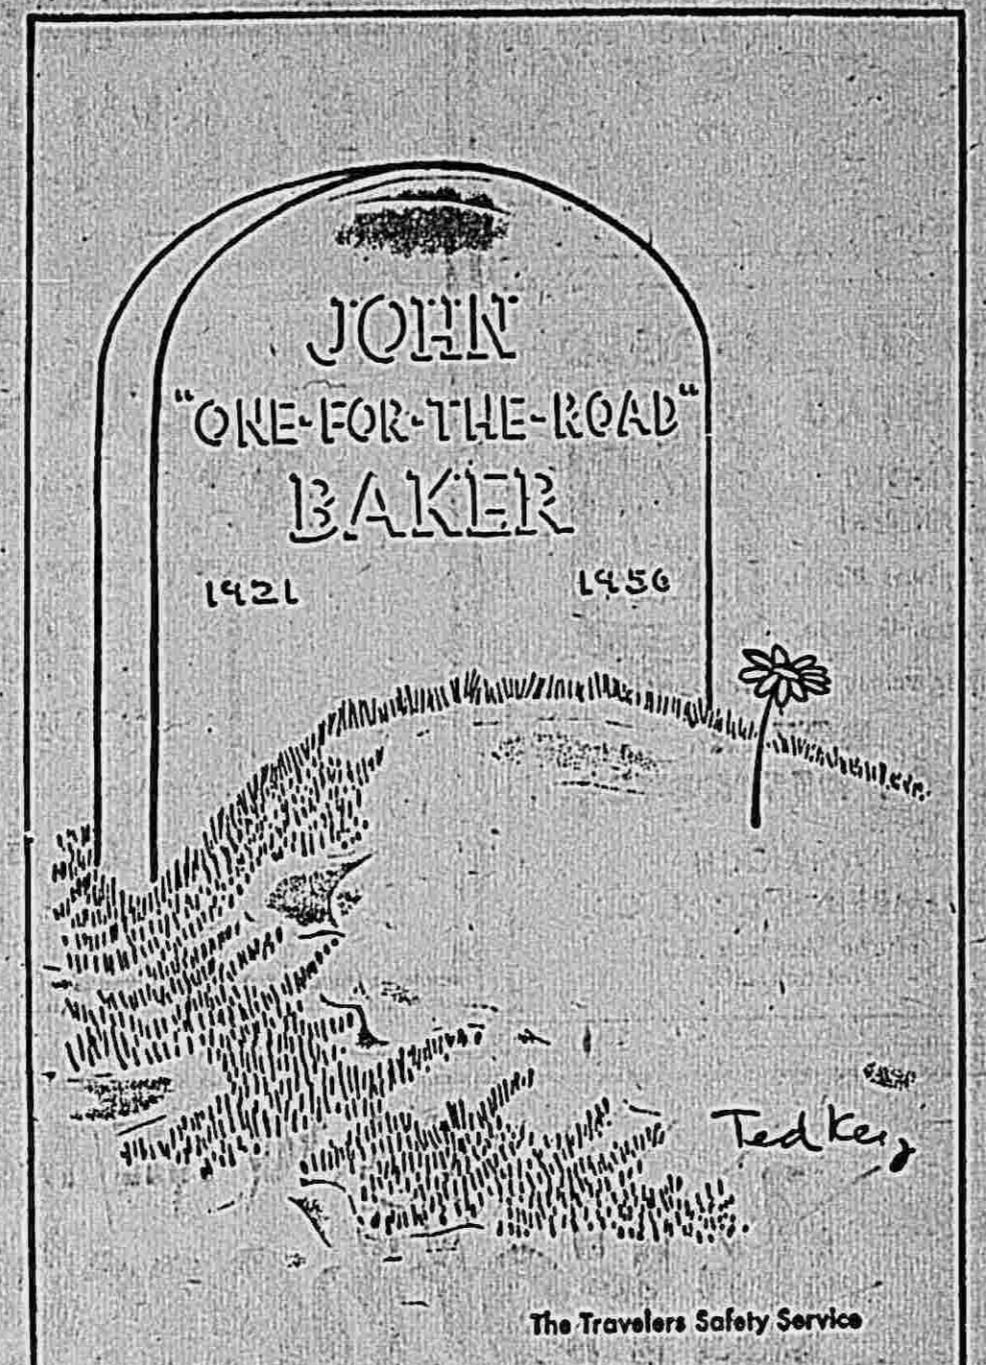

Last Friday, May 25, at their evening Missionary meeting, the ladies of the Baptist Bible Church gave a surprise Baby Shower on Mrs. Louis Warman, at the home of Mrs. B. Irby. Among the many smaller and beautiful gifts, Mrs. Warman also received a chrome high-chair and baby buggy given to her by the church and a beautiful aluminum bathinet from several of the ladies. Thank you for making it a truly great surprise.

Our Congratulations and Best Wishes are extended to the members of the Sunday School upon their recent and forth-coming graduations. Misses Joyce Miller and Donna Anderson, High School and Joyce Pomroy, Edith Nolan and Robert Owen, Grammar School. Get well wishes are also extended to our Sunday School Supt. Mr. Robert Owen who is confined to the Conde Hospital with a broken leg.

A city seller walked into a back-woods general store the other day. "I want to buy a toothbrush," he said. "Sorry, brother." Ol' Eary replied, "but our line of summer novelties isn't come in yet."

Fatal Fallacies

by Ted Key

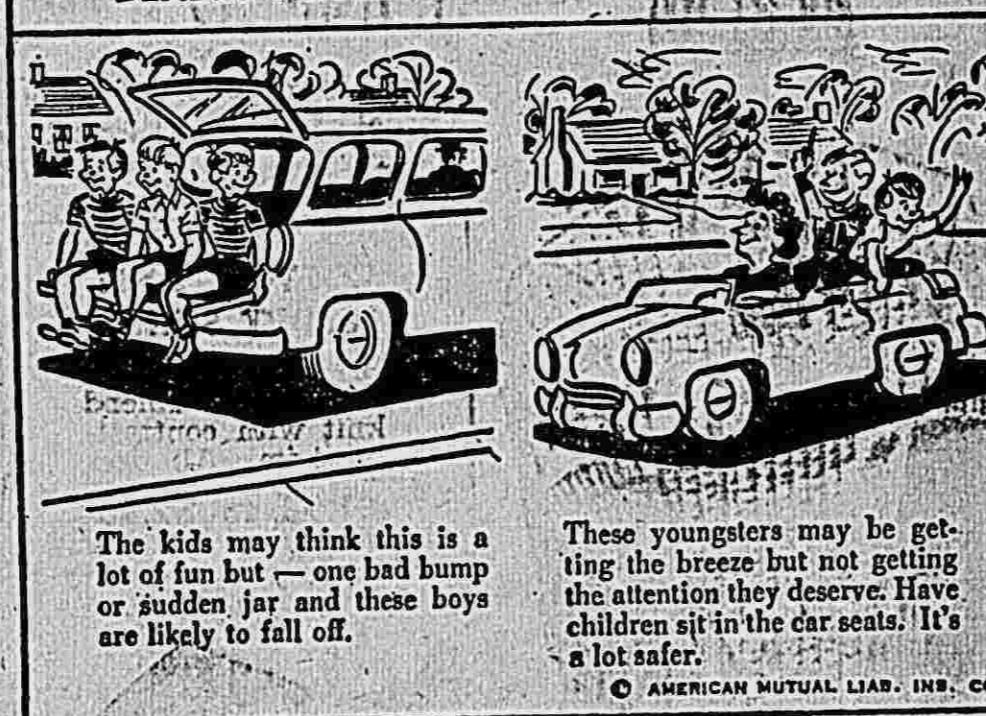

The Travelers Safety Service

The first American Red Cross chapter was organized in Danville, New York, in 1881. Today, there are 3,713 chapters throughout the United States and its possessions.

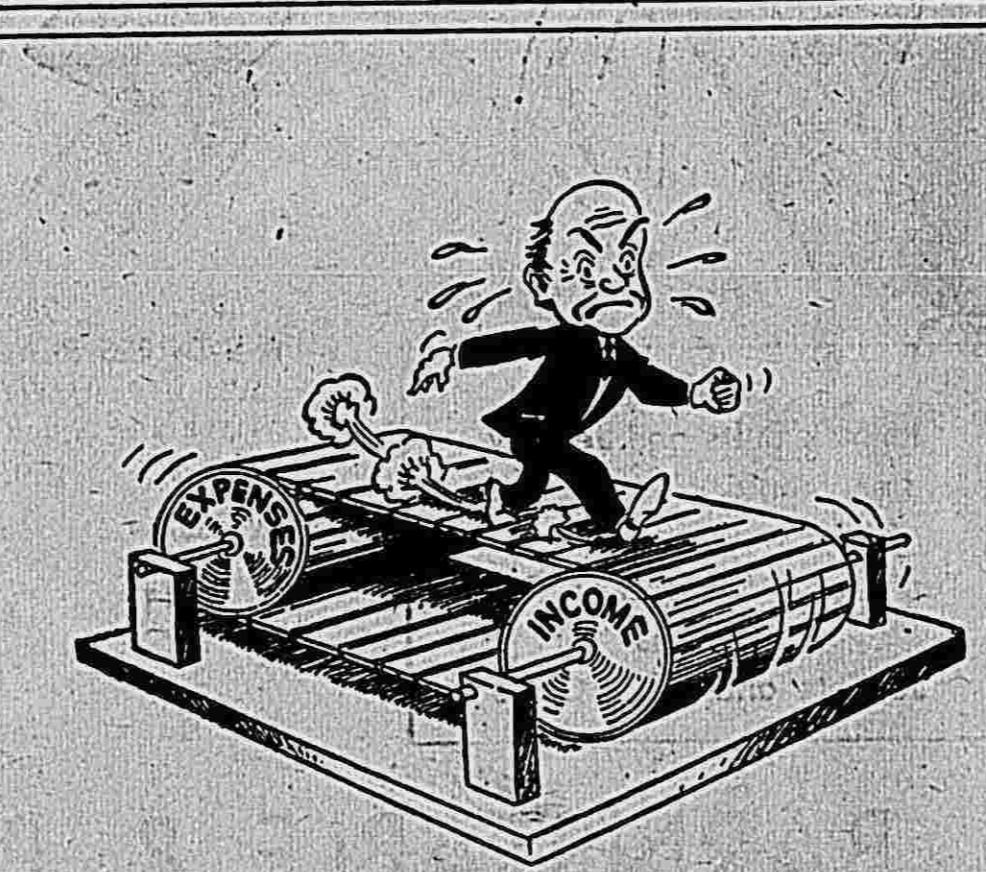

The first ship to enter the harbor of Santiago, Cuba, after it fell to American forces during the Spanish-American war was a Red Cross relief ship.

In 1955, a total of 1,650,000 Americans gave an estimated 100,000,000 volunteer hours of service through the American Red Cross to help their neighbors in distress.
